POST-SCRIPT ON THE ALLUREMENT OF REALITY

This book is a condensation of the authors view of what are the essential components of Hinduism and how these interrelate in light of modern knowledge of material and spiritual aspects of existence to form a comprehensive religion that has practical benefits to the adherents. The author wishes it to contribute to discussions going into the future such that a world religion could be formed on the basis of his discoveries over the past 24 years of studies in the United Kingdom.

I started this project on the first day of the Queens of the United Kingdom's Platinum Jubilee celebrations being a Bank Holiday and after realising that the State terrorists would not leave me alone to do just what I wish to do as a Hindu in the United Kingdom. This is exemplified by the fact that my Publishers Lulu facilities seem to have been manipulated to stop my work as the following correspondence indicates, but it could also be the nuances of Brahma-Nature that had generated this. In either case I am including the correspondence to maintain continuity of my autobiography. The book should be read with the other 53 books to get a good idea of what I am discussing:

Update:

So yesterday evening at Lulu Publishing both my Preserving the Rule of Law books showed that they had been removed from Global Distribution. This morning I started an enquiry-ticket at Lulu to see what has gone wrong. They said there was a bug effectively in the system and that their engineers were looking into it. I started drawing a line by updating these books and starting another project on the home computer: Hindu-Spirituality Condensed, thinking I am resigned to inaction now and better do nothing more now that Lulu may also be manipulated again to stop my publications. However, by early evening both the books had been restored to Global Distribution.

There was also a Mobile phone telephone call that I did not answer feeling I had nothing to look forward this afternoon, but as soon as the Lulu matter was sorted out, I sent the above email to Medway County Court to activate the legal proceedings that I must bring to a closure one way or the other by 13 June 2022. There is a good chance of judgment in my favour I felt that I must publish this email and the email sent to Solicitors Regulation Authority now.

I returned the missed call and it turned out to be a Travel Company arranging Flights to the East. I spoke with them about travel to Bhubaneswar during January-February 2023. They will give me a call on Monday coming. Today is a Bank Holiday Thursday and the Queens Platinum Jubilee celebrations are in full swing.

Both emails from the Solicitors Regulation Authority and to the Medway County Court were published so that everything is blogged openly, tweeted, Facebooked and posted in LinkedIn, so as to face the music no matter where it comes from: I am not going on holiday anywhere until the legal proceedings come to an end:

The concludes to plea of the Defence. Judgment is awaited.

PREFACE TO HINDU-SPIRITUALITY CONDENSED

With the termination of all my legal proceedings thus, and awaiting Judgment, the Rule of Law is conserved. Dharma and it has a special meaning in Hinduism, so it is fitting that I ended my autobiography on that note. This book will concern itself with purely my personal views on the various aspects of Hinduism and how they relate to each other. I will be writing down my thoughts without editing them as I am a Free person who lives as Self and only acts spontaneously, unpremeditatedly and nonchalantly in what I do. From now on however I would not be timing or dating any part of this narrative so as to make it coherent synopsis of what I believe to be the essentials of Hinduism as a contribution to Hinduism as revisited by me. Also I am 65 years of age and do not know how far down the track I would go in this book or if it will ever be published. It will be published as a post-script by Lulu Publishing as it is part of a specific project of 53 Books that represented an account of an autobiographical search for the Conception of Reality allured by an awakening. This book is that Conception condensed as the Rule of Law otherwise known as Dharma.

The present book will stand on its own and I will not be referring to any of the contents of my 53 book Sections in the Series under the theme 'The Allurement of Reality' that took me through the experiences culminating in a knowledge of Hinduism. The previous books should be used for reference only to get the whole story of my search for the truth into view.

SYNOPSIS

Hindutva; means the characteristics that make one a Hindu. This will be different for different Hindus for Hinduism is a broad umbrella term. So Hindutva means something more specific. One who adheres to truth and dharma and does not tolerate lies, deceit and devious conduct which he retaliates with venom, for truth is God and any untruth is an attack on God, an attack on Reality, an attack on Dharma, the Rule of Law. A person who lives by God performs karma in Sanatan dharma, in service of God on this Earth done through bhakti that He will guide the Sanatani along the right path to correct adharma and protect the individual from the criminal humanimals of society operating through greed and pillaging and stealing property that that they are not entitled to by the mere fact that such property that they are entitled to has to come from the land that they occupy and no further out from colonisation. This applies to individuals engaged in corrupt practices as well as States internationally.

Dharmayudha is a struggle for the truth through actions. Truth is justice, the exposition of truth is the only need for a dharmayudha. It is not material gains that a person seeks. Material gains and losses are in the realm of the States that one lives under and one must comply with those, for that is the way the world carries on. It is not right to try and change society with a mission to eradicate elements of the State that one finds difficult to accept in view of one's own idealism. Idealism is necessary for spirituality only. It is a personal characteristic of an individual. It too needs to be exposed, for nothing must be kept hidden from humanity. One must not have any secrets and everything about oneself must be shared. This makes for the right course of the evolution of mankind, quietly and without coercion. One must make one's point and let the procedures of the State deal with it in whatever manner it seeks to preserve its own integrity.

Sanatan Dharma means to surrender to God and carry out His wishes. It is a personal thing. It shows devotion and bhakti to our Creator the Supreme God who gave us all that we have. He works through individual living beings. He lies dormant in our psyche and alerts us to where we are going wrong, to show us the right path of living. But we live as human beings separate from God. He gave us free will in a magnanimous manner, such that He is undetectable unless one probes deeply into one's psyche. This is done through gyana yoga, trying all the means at our disposal to delve into the mind which is the only thing we have as the means to seek out the truth of the Reality. One tries all one can with our brains and intellect to pursue the ideals that we have for a perfect utopian world but when that fails one turns to spirituality to guide us into what is possible and what is not judicious to pursue. Karma in Sanatan Dharma accommodates what one experiences as the guidance from God.

Truth (Satya) is the highest discipline. One must pursue truth at all costs. That is how knowledge and wisdom is gained. It leads to one direction only, the ultimate goal of developing knowledge for world conservation. That is what one should be aiming for. It incorporates Reality. It follows the Truth Path: to one's destination. It reveals one's personal Fate. It reveals the purpose of existence that the Creator God has revealed as Liberation, that is Moksha. He is a Personal God for all who chose to surrender and focus on Him in their Materialistic and Spiritualistic endeavours. It clarifies the differences between Atheism and Theism. The process of knowledge acquisition is known as Yoga, and more specifically, Truth accommodation (Satya-advaita) yoga. Through the pursuit of knowledge about

oneself in swadhyaya (self-examination and assessment) one delves into spirituality by gradually losing all one's attachments to sensual bodily functionality and goes higher and higher up the spiritual ladder to the ultimate being of existence known as Self. Those who have followed the truth path find that God in human lives daily and once in a blue moon through avatars.

The Self

A year on one must not sacrifice life, nor is there any need for it to attain liberation. When one reaches the destination of being as Self one is liberated. In this bliss of solitude, one lives in silence.

One cannot understand the Self in isolation of the Creator God for the being is one of oneness and separateness in 'achintya bheda abheda tatwa'. The Self is bhagwan with a small b whereas God the Creator is Bhagwan with a capital B.

Non-dual Consciousness experience imparts 'ananda'; beyond that lies the Self which is blissful in solitude and silence.

Ahimsa and dharma

Ahimsa (avoidance of violence towards other living beings)

अहिंसा परमो धर्मः

धर्म हिंसा तथीव च Ahimsa Paramo Dharma

Dharma himsa tathaiva cha[3]

Meaning: Non-violence is the highest dharma. So too is violence in service of Dharma

धर्म एव हतो हन्ति धर्मो रक्षति रक्षितः ।

dharma eva hato hanti dharmo rakṣati rakṣitaḥ |

Meaning : Dharma only destroys (those) that destroy it. Dharma also protects those that protect it. Hence, Dharma should not be destroyed. Know that if violated, Dharma destroys us. To protect dharma is the ultimate dharma (sarvauttam dharma) for which violence is also permitted in words or deeds. This is to be named as Paramarthika Dharma. Even those who destroy the notion of the existence of God are to be fought in dharmayudha. So atheists are regarded as adharmic and need to be countered. Truth has to be preserved. Dharma has to be preserved.

Liberation

Liberation is attainable within this life time by a householder with a family to maintain if one adopts the truth path towards Self Realisation. One does not have to leave the samsara to become a sanyasi or hermit or monk to get away from it all. But Liberation is solitude that is staying within oneself when it is attained. That state is moksha.

One has to be prepared to sacrifice everything; all ones need, associates, and life itself, to go for liberation: the journey is worth the tyag for it brings 'ananda'. But it is not permanent. For ananda is not full or liberation as one lives to Consciousness with thoughts and sensual feelings still in place. Liberation is a process of losing one's attachments to the body, its ego and desires so requires renunciation of aims, plans, objectives, missions, anticipations, expectations, hopes and wishes to perform any specified actions to aim for material welfare. Liberation is the endproduct of sadhana, once one has conducted bhakti-based karma in Sanatan dharma and learnt to fight in dharmayudha one's battles in the material

sphere to resist State-organised persecution of a person hell-bent on liberation. Dharmayudha resists persecution in ahimsic fashion to stay alive for dharmayudha relies on truth as the guide. It follows a truth-path through truth-accommodation that is wholly self-preservational so one can fight on. In the Hindu way no one gives two hoots for a martyr to any material cause. One has to survive at all costs, and dharmayudha within the family structure requires the family to be kept in tact for that is what hurts the oppressors most. They want everyone to be State-slaves instead of going about thinking and pondering on spiritual upliftment to where the supreme treasure lies awaiting for any individual determined or awakened to seek out the truth of God and the meaning of life.

Animals fight amongst each other for purely selfish and greed-based pursuits or attachment to concepts like nationalism or the established religious institutions. For Hindus, it is the self-advancement to the supreme treasure promised in Mundaka Upanishad's Satyameva Jayate that is the way to go. For that one is alone, even within the family setting, But satya cannot be separated from dharma so truth and dharma are intertwined in Hinduism.

The full mantra is as follows:

सत्यमेव जयते नानृतं सत्येन पन्था विततो देवयानः ।
येनाक्रमन्त्यृषयो ह्याप्तकामा यत्र तत् सत्यस्य परमं निधानम् ॥

Satyameva Jayate Naanritam
Satyena Pantha Vitato Devayanah
Yena Aakramanti Rshayo Hi Aaptkaamaa
Yatra Tat Satyasya Paramam Nidhaanam

The meaning of the mantra is as follows:

Truth alone triumphs; not falsehood.
Through truth, the divine path is spread out by which
The sages whose desires have been completely fulfilled,
Reach where that supreme treasure of Truth resides.

Fools deride me who have taken the human form for they not my real nature as Lord of the universe.

The sloka is a full-length verse taken from Chapter 4, verse 7 of the Bhagavad Gita. The whole sloka goes as,

“Yada yada hi dharmasya glanirbhavati bharata
Abhythanamadharmasya tadatmanam srijamyaham”
Bhagavad Gita Chapter-4, verse 7

“Whenever whenever there is the decay of dharma, O Bharata, And there is the exaltation of unrighteousness, then I Myself come forth;”

The composition of Reality

Materialistic and Spiritualistic dimensions to living: reality has these two dimensions both controlled by the mind. Each dimension has to be studied separately and then married together to form what is Advaita. There are two types of Advaita. These are Brahmoadvaita which is atheistic as it is restricted to Consciousness although some would incorporate God within Consciousness and these would be then Brahmoadvaita, rather than Shudhaadvaita Vedanta. Vishistaadvaita is theistic but relies on an understanding of the material world and restricts the actions of an individual to the material realm relating it to God. In this Vedanta, Brahman is seen as being composed of guna-consciousness attributes of rajasic, tamasic and sattvic nature, these gunas interacting in bring about changes in the universe. These guna-consciousness interactions are taking place in Brahma-Nature and Vishista-advaita Vedanta subscribes to the view that everything that takes place in the universe is preordained and preorchestrated. To learn one's destiny one has to truth-accommodate through satya-advaita yoga. This yoga is a special one not heard about before. It means travelling in to find out about Reality including one's fate through oneness with truth. Everything learnt is discarded when new truths are revealed and so one builds one's house of spirituality through constant vigilance and not leaving any stone unturned by buccaneering for the truth. One loses all one's attachments therefore slowly and steadily as the fruits of the sadhana yield results in the manner that one survives in the most horrendous and authoritarian of all Police States. The manner in which one thwarts the persecution that one is subjected to is to hit back in dharmayudha but in a questioning manner so that the agents of persecution are locked up in their cubby holes unable to move. They are consequently exposed as being morons in Police State, where they are slaves to the State. They do not know the value of liberty and freedom. For these values are God-instilled upon the individual Hindu. All freedom loving people receive God's attention as He lies dormant in the psyche of all individuals but those in bhakti receive the blessings in terms of being alerted to dangers through the mind awakened by paranoia and messages for timely actions to thwart the persecutors. All fear disappears from one's mind when the freedoms attained are continually reinforced through the process of satya-advaita yoga.

Worshipping God

Whether one engages in communal worship in Satsang congregation or Individuality worshipping God is the key to a bright future. There is no greater Sadhguru than God. God is practical in the manner in which He assists the individual through his or her trials and tribulations in coping with the nuances of Brahma Nature. Only through bhakti and intense bhakti is gyan or knowledge acquired. It is best to start this at a very early age of life, but it must be combined with work and studies on the practical aspects of the material world. Surrendering takes various forms. Under complete surrender one risks ill health to do precisely what God wishes and forcing Him to guide one. One can use a digital clock and use the number 7 to get affirmative or negative answers to one's questions to Him on what one should be doing in life, and on questions of knowledge; the times on the clock of 4.21, 7.00, 5.20, 8.08, 9.07, 10.42 and others being the number 7 as positive answers whereas the rest of the times being negative answers. It does not matter whether one is getting a real answer or not, one must have faith that these are genuine. Only then is there complete surrender to God. Through this process one is guided to leaving behind all material objectives to discover God in the recesses of the mind as atman-Supermind and the process goes on through out one's life.

AN EXPERIENTIAL ASSESSMENT

This Section of the Allurement of Reality-based Conception of Reality is entitled Hindu-Spirituality Condensed, so that it cannot be just philosophical considerations that I shall be writing about without reference to practicalities. Thus, here I go from research to practical application of the Conception of Reality discussed.

Dear Louisa

You are quite right - I do deserve a break. The complexities of the British Legal system are so intricate in the civil as well as criminal aspects of law that much as I have tried to get my head around these procedures I am failing to make a reasoned impact on the proceedings. I am now in a combined civil claim that applies for legal redress from Kent Police for injustices suffered and at the same time defending against an allegation of criminal conduct on my part at; a civil court from where Directions or summary judgement is awaited before 13 June 2022 from a District Judge on Claim number J00ME372 of Medway County Court. To make matters worse I have run out of money to hire a lawyer to pursue the Money Claim or Defend against the offence alleged of Harassment.

What am I to do but wait?

GODS AND GODDESSES OF HINDUISM

At Supreme Spirituality level Sri Krishna and Devi Durga are two sides of the same coin of God.

Sri Krishna is the Sadhguru while Devi Durga is the annihilator of evil. The Sadhguru teaches the gyana yogi and the Devi Durga protects the Hindu yogi.

At the Brahman level comprising Brahma Nature, millions of gods exist but the super lord at the three apex of the Trimurth are Sri Brahma, Sri Vishnu and Sri Shiva with their governance over sattvic, rajsasic and tamasic guna-consciousness attributes of the universe including all living beings. The female consorts of Lord Brahma, Lord Vishnu and Lord Shiva

are Srimati Saraswati, Srimati Lakshmi and Srimati Parvati respectively to denote their own sattvic, rajasic and tamasic overlordship, whom individuals on Earth can pray to for what these goddesses represent.

Devas and asuras exist within the triangle of the Trimurti at positions with which their gunas are manifested. At death these living beings ascend to heaven which is the Brahmaloka abode of all souls where they have the chance to decide to remain there or have new births on Earth in the process of reincarnation. The purpose is to attain liberation in Earth so that the individual soul can ascend to Brahmaloka to their final destination of the Supreme Being for absolution.

The departed souls in Brahmaloka can appear as ghosts on Earth to meet with their dear ones who are still on Earth if these individuals crave for spiritual uplift or if the Almighty decides that a visit is required to be made on a special mission to a particular person.

The symbol Om represents the Brahman and its Brahma-Nature as its spiritual entity

The number 3 symbolises the three gunas, and the part on the top represents truth above the rajasic part which has the access to the Supreme Being.

When over 24 years of satya-advaita (oneness with truth) yoga I found out the intricacies of Hindu dharma and saw that what I condensed in my 54 books of research and practical application that the spirituality is true in that it preserved itself, i decided to go head long to practice the religion of Hinduism properly.

Practicing the truth cannot be criticised.

Having experienced the Self it does not solve ones day to day problems in coping with the nuances of Brahma-Nature interactions, when mind wants to achieve.

Between truth and dharma the latter is unavoidable or one will be crushed by the tamasic forces of Brahma-Nature when seeking liberation.

This means that truth takes one to knowledge at the ulimate level of the Self and God thereby bringing an end to gyan yoga, but not wisdom.

Wisdom requires calculated steps and tactics of dharmayudhic warfare against tamasic oppressors to survive in material and spiritual liberty.

Vishista-advaita Vedànta is that wisdom, that is to say, it is dharma blessed by God to survive in Brahma-Nature; hence sanatana dharma.

Vishista advaita is for those who wish a purely spiritual life within a family structure and not in an ashram so have to achieve goals to earn money and run a household.

So my experience is there is an end to Self-realisation and God-search. Once satiated there is nothing to gain from the association; one moves on.

Update:

This Saturday morning (4 June 2022) with nothing to do I applied for two Trading Assistant jobs at Sainsburys, a job in ASDA for a petrol station, and another job at BP in Snodland. I got asked for interview for both Sainsburys job which I complied with for Monday and Tuesday next week but upon mentioning it to Rashmi she said she was doing invigilation at Rainham School for girls next week and would need the car all day all week. So I withdrew the applications being as they were quite far away in Sevenoaks and Tonbridge.

An suspicious looking email came into my yahoo account saying I was selected for a green card to live and work in the United States of America and that a computer had selected my name for it. I deleted it out of sight as I am not leaving this country. I deleted the rest of my emails also to keep a clear account.

Then a criminal anonymous email came into both the gmail and yahoo accounts from Shanpanigrahi.gmail.com at dizum.com server which was sent to BLM's orla scanlan and the other person at the Legal Firm as well as to someone in redlion chambers a barrister firm. I paused for a while and then deleted it out of sight from both accounts as a trap. They can take whatever proceedings out on me be that at Medway County Court or some other Court. I am done because I realised that the Self attained is the highest level of human achievement as it is faultless in all one's actions in the material world.

I had posted the following in Facebook just before this email came:

Achieve what else but the Self? SELF IS ULTIMATE TRUTH, after that there is nothing to achieve. SELF IS EVERYTHING. There is no mind left.

The brain generates the mind as a biological phenomenon. When one loses ones attachments to the point of losing ones mind one is ones true Self which is God (bhagwan).

So what is God? God is everything: the Truth. The Self state is faultless. One has attained perfection of actions hence.

So in the final analysis truth comes before specified dharma, even sanatan dharma, for the Self takes the faultless actions for truth-preservation (dharma)

Self, being Truth, is unpolluted by the mind and preserves itself by its faultless actions which is called dharma: thus dharma rakshati rakshita)

God being everything created Itself as Creation and Minds it through the ages influencing changes to preserve It as appropriate.

Living beings are therefore just pawns in God's hands for Its amusement purposes, so one must never worship God or surrender to It.

This means one should stay within the limits of ones mental capacity for which the most heightened awareness is attained in the state of Self.

On Facebook

A year on my yogic trsvel took me beyond Brahman. Brahman is Consciousness; be it sattvic guna consciousness, rajasic guna consciousness or tsmasic guna consciosnes, or the blend of these. In advaita there is no duality so it does not recognise the guna attributes of Brahman (that is Brahma-Nature) and is consequently Brahman itself as Consciousness. So it is atheistic. What advaitists know of Brahman is variable. Some think it is physical energy that everything is composed of; others may say different things. It is therefore not something that there is agreement on. The closest word to describe adaitic Brahman is Consciousness. It should really be named Brahmo-advaita Vedanta.

Then there is Shudha-advaita Vedanta in which Brahman is God as paramatman. The mind upon losing its attachments to sensual and material to objects, desires, beliefs and concepts becomes jivatman, and with time it is atman. At the final union with paramatman, atma=Brahman. This is the state of being depicted in Brahmavid Brahmaiva Bhavati that is hebwho knows Brahman verily becomed Brahman, that is a living God.

In Vishista-advaita, Consciousness is still a biological entity of the body-brain-mind complex and acts on thoughts so-generated. When one loses attachment to this Consciousness, the thoughts disappear and Brahman is the universe, that is everything including God..One is then one's true Self in total union with the universe (Creation), including God the Creator although the precise relation of the Self and God is that of oneness and separateness, that is summed up in the phrase achintya bheda abheda tatwa. Hence we use the term Vishista-advaita Vedanta. It is qualified advaita.

Dear Sirs

I did not know what was going on over the weekend as I was hooked on the television watching Her Majesty's Platinum Jubilee celebrations after posting: my correspondence with Bark.com, my advisors as shown here:

But in the morning of Saturday, I received another criminal anonymouse email sent to you seemingly from a dizum encrypted server that annoyed me so much that I deleted the offending email from my yahoo and gmail account. It was also sent to a barrister at redlionchambers seemingly.

Then I received an email from the United States of America that I had been computer selected for a green card to go and live and work in that country that also annoyed me so much that I also deleted this email from my yahoo account.

Today is the fourth and final day of the Platinum Jubilee celebrations and I am none the wiser on how your email below with the attachments 2022.06.01 Dr Panigrahi letter out.pdf with its Pre-Action Protocol Rules and Regulations Pre Action Protocol for Media and Communications Claims Civil Procedure Rules.pdf. impacts on Claim J00ME372 of the Medway County Court where you have filed an Application Notice to strike out the Injunction Claim as well as the Money Claim if I understand the documentation correctly - pardon me I am just a layman on legal matters so can only go by what advice I receive from legal experts. Notwithstanding, you have written that you have already reported the offending emails to

the Police, so could you tell me which Police Force you have referred it to, and whether you will no carry out your threat to go to the High Court to obtain an order to compel nobody@dizum.com server and others to reveal the names of the originators of the offending emails. Comment/Update:

The reason I have settled on Vishista-advaita as qualified advaita with achinttya bhed abheda tatwa of oneness and separateness is two fold: first, I folded my hands in 'Nama' for a 15 seconds on waking up this morning as a reverence to God so we are proven to be distinct, yet the perfection of my emails to keep me on the trajectory of truth-search for truth-establishment does not become clear to my mind long after the sending of the email when the significance becomes all too clear and timely actions are needed to be performed, like this blogging and tweeting, facebooking and posting in LinkedIn, so that I now just await the next move of the State, for wherever it may come for they will have to take into account what has just been published. I can now also update this book in Lulu, internet archive, Global Foundation and Allurement shop).

Dear DS Gary Seamark

When we last exchanged emails, I believe you indicated that you would contact me again early this week, but I did not receive any emails from you on Monday to Wednesday and it seems that you have been on extended bank holiday since to mark Her Majesty's Platinum Jubilee celebrations.

As you will note from my earlier email, the matters have become more complicated than ever before as BLM Law were sent criminal anonymous emails seemingly sent through the

same kind of anonymous servers pretending that I am the person who sent the emails as well as with the Katrina Sale matter. This matter is very serious, and I am here to assist you in any way I can but please do bear in mind that I am a mental patient with paranoid schizophrenia, persistent delusional disorders, autism and now Personality Disorder too, with my wife saying now that I am so forgetful that I might be bordering on Dementia too so there is limited coherent explanation I can provide with for your important investigation. As far as my memory serves me, I have never knowingly harassed or stalked anyone, so BLM Law has to be investigated by your good self for terrorising me into legal difficulties and complexities as part of the complaint that you are dealing with.

If you wish to speak to my doctor about my mental health condition, kindly contact Long Catlis Road Surgery, or Britton House, or MEGAN CIC (Vicky Randall) and Turning Point with whom I have an appointment confirmed tomorrow 6 June 2022 at 12.00 noon (telephone appointment).

I look forward to receiving your report on the complaint for Professional Standards Department as it becomes available.

Shantanu, it's been a long couple of days. Last week I received the second edited chapter; I am learning from the corrections. I wanted to share with you a different story: Legend of the Shine is a more tender fantasy than I am used to. In case you don't have early access yet, the previous post should be publicly accessible. I hope you have a great week.

Dear Jade

It was nice talking to you on the telephone at 12.05-12.30 pm today. I was discussing with my wire earlier that I might actually not be addicted to either tobacco or alcohol. As i mentioned to you I only drink 1-2 cans of beer of cider each day and there are days when I do not drink at all although in the past I have known days during which I drank 3 or even 4 pints. It is variable therefore. Like today I do not feel like drinking at all. I think it is all to do with the phases of depression that I have been through over the past 24 years since I lost my job at the University of Greenwich under highly dubious circumstances and ended up from riches to rags overnight. So apart from the times during my youth that I boozed at the University of London to enjoy myself and feel high notwithstanding the hangovers, I gave up drinking altogether when it got me into trouble as getting drunk does and then I found that alcohol is evil and destroys the mind. I was also a smoker in my youth and socialised a with the use of cigarettes and alcohol. This was until I got married. I then gave up smoking altogether and drinking also.

The problems that I have had with the British State caused me to start smoking again roughly four years ago. I was terrorised by the State through its agency Kent Police and its legal establishment such as courts where I took out civil and criminal cases most notably against Kent Police on 17 counts of protecting criminals who had terrorised me for publishing all the injustices perpetrated on me. The pig-shit bastards of the State establishment incarcerated me in mental hospitals in 2004 and 2008 and to this day enforce mental health medications into me to subdue me and to get me to stop protesting. Two thousand criminal anonymous emails were sent anonymously by MI5 and the CIA of the United States of America and international business institutions were recruited to perpetrate their hate crime on me. Please read the attached evidence: ToDSSeamark(K00ME372)ccVickyRandall(LongCatlisKMPT(Rashmi)5Jun2022.docx. The surgery and MEGAN, KMPT were all organised to persecute me.

These are the reasons that I have no hope left so am depressed enough to drink alcohol and smoke cigarettes. I was never mentally ill but have always been in full control of my mental faculties. But the State to cover up the organised persecution on me likes to hide under the lies that I am a mental patient suffering from all kinds of disorders.

I therefore think that Resolution to abandon dharmayudha will lead to feeling less stressful to give up these essentially bad habits.

What do you think?

Dear Solicitors Regulation Authority

To this date, I have not received any documentation from Medway County Court since the Notice of Issue was received in the post as attached: Document_2022-05-13_152026.pdf. I have however received a number of documents both in the post and by email from BLM Solicitors and these have been published and brought to the attention of Medway County Court. These documents include an Application Notice 2022.05.27. Strike Out Application.PDF attached with the Witness Statement and Draft Order that I also received (2022.05.27 Draft Order.PDF; 2022.05.27 Witness statement of Orlan Scanlan.pdf). I have also received the attached documents 20.22.05.27. Dr Panigrahi out app.pdf; 2022.06.01 Dr Panigrahi.letter out.pdf.

The Court has not sent me any of the documents submitted by the Defendant to me directly which I expect will be Court-endorsed and sealed if it is accepted by the Court. So unless these arrive in the post for me to respond to directly to the Court, the Defendant's Application Notice is null and void so I would have nothing further to do with BLM Lawyers in this regard. The Defence to the injunction issued and the Claim Form both under Claim J00ME372 has to be submitted to the Court by the 13 June 2022, and failure to do so will entitle me to Default Judgment on this day.

This is the specific question that I wanted to ask the Contact Centre at the Solicitors Regulation Authority about.

We write further to our previous communications in relation to this matter.

Your email of 1 June 2022 (sent from shantanupanigrahi@yahoo.com) refers to the matters between you, the

Chief Constable of Kent Police and the Crown Prosecution Service. The letter of claim that we sent to you on

1 June 2022 is in relation to an entirely separate matter and that is your harassment of BLM's employees.

As we set out in the letter of claim that we sent you on 1 June 2022, since 25 May 2022, we have received

several offensive and threatening emails (which purport to be written on your behalf) from the email address

nobody@dizum.com. Further emails have also been received by us from

nobody@dizum.com after sending

you the letter of claim.

The emails identified in the letter of claim

In your email of 1 June 2022, you asked us to identify "the offending material" so that you can delete them

from the public domain. We attach the emails that we have received from

nobody@dizum.com which are

harassing our employees (although you will no doubt have already seen them as you were copied into all of

the emails we identify below):

1. 25 May 2022 at 08:03

2. 28 May 2022 at 06:15

3. 28 May 2022 at 23:49

4. 28 May 2022 at 17:36

5. 29 May 2022 at 11:43 (this email is a duplicate of the email sent to us on 28 May 2022 at 17:35

6. 30 May 2022 at 19:16 (rather than 31 May 2022 at 07:47 as stated in the letter of claim).

Evidence of the continuing campaign of harassment

In addition to the above, we have received the following emails (which we attach) since sending you the letter

of claim and which we consider are evidence of the continuing campaign of harassment against BLM's

employees:

7. On 3 June 2022 at 11:55 we received an email from nobody@dizum.com on behalf of Shantanu

Dear Dr Panigrahi,

Harassment of BLM's employees

2 Confidential - 1

67211584v2

Panigrahi. The email was also sent to anthony@simpsondean.co.uk, john@stenhouse-law.co.uk and

dh@hattonlaw.co.uk. The email states that:

"In view of your age and condition, it would be an absurdity for me to make you any overtures. You

would have to pay me a substantial amount and then also it would have to involve me wearing blindfold or total darkness...Do you mind that I blogged all the accusations and correspondence? Although email 7 purports to be written on your behalf it should be noted that:

a) the user nobody@dizum.com says that "I felt compelled to email the SRA the following email, you were warned earlier about perjury";

b) the email sent to the SRA on 1 June 2022 at 12:44 was only sent from the email address shantanupanigrahi@yahoo.com (which is the same email address that you use to communicate with

us);

c) there is no reasonable explanation (and you have offered no evidence) to prove that you are not

responsible for sending all of the emails to us from the account nobody@dizum.com.

8. On 4 June 2022 at 12:57 we received an email from nobody@dizum.com on behalf of Shantanu

Panigrahi. The email was also sent to clerk@18rlc.co.uk; shantanupanigrahi@yahoo.com and

shanpanigrahi3000@gmail.com. The email states that:

"I will teach you after we navigate to our mystic physical or conjugal union. I am inclined to deal only

sweetly with you despite your nascent involvement with the racial harassment and discrimination to which you subjected me...even if you are guilty on multiple counts of impersonation...If you perform

satisfactorily, I will cancel the charges I pressed against your ex...Is what is required or demanded of you in return now clearly understood?"

The content of email 8 is harassing our employees. It amounts to harassment under the Protection from Harassment Act 1988 ("the PHA") and for the avoidance of doubt, our employees do not need to be the target of every statement that you make (in email 8) for the communication to amount to harassment under the PHA.

If any of the emails that we have identified above have been published by you online (or elsewhere), we request that you delete those publications and confirm to us by 4pm on 8 June 2022 that you have done so.

Norwich Pharmacal Order ("NPO")

As we informed you in the letter of claim, we will consider applying to the High Court for an NPO.

Next steps

At this stage you should carefully consider the claim that you are responsible for a campaign of harassment against our employees and in particular the matters that we highlighted to you (on page 4 of the letter of claim) that it is extremely unlikely that the emails sent to us which have harassed our employees could have been sent by anyone other than you.

3 Confidential - 1

67211584v2

We urge you to take specialist legal advice in this matter.

We await your response to the claim against you by 4.30pm on 7 June 2022 failing which we reserve the right to commence proceedings against you without further notice to you.

Yours faithfully,

Subject: Final proceedings and choice for Orla

This Message originated outside your organization.

Dear Orla

Your deceit in pretending I am withdrawing the injunction application and associated claim when you know full well that email to you was a forgery arranged by PC Nicholls and DCI Lee Neieles of Kent Police working with Dr Sivaji Panesar, phands alias Paul Hands, Egregious_C, Monneka Tahir, MPC Sanya Shahid of W.Yorkshire and other institutionalised criminal conspirators perhaps including yourself is about to result in a private prosecution of you for fraud, perverting the cause of justice and also in professional disciplinary action which should result in your being disbarred by the SRA and defrocked and your firm also losing its practising license.

You have one opportunity to prevent this, and that is, before the end of this month, you agree to an assignation with me to perform a basic heterosexual function to my satisfaction. I have a very big danda and repeats you yourself will seek. I suggest the Travelodge at Kings Cross to minimise the time spent by you, a busy lady. Or else I can easily arrange for the kutia to be absent and we can use my 1st floor basement, Room D at Shanti Niwas. It is your choice.

Take this decision wisely. My buccaneering lawyer Forz Khan is in the Cc. Any travelling expenses you can charge to my debit card 4751290239821523 expiration 11/24. Which is it to be, madam, prosecution or prostitution?

Dear BLAM and Miss Ottewell

Re Orla Scanlan

You will notify the Managing Partner of BLM that your superior has by silence rejected my most reasonable offer to her which would have saved your clients at a minimum £ 1.65 million. She has another 48 hours after your receipt of this email to remedy this. If not, my offer is withdrawn and she will find that an urgent application for a bench arrest warrant against her is made in regard to her perjurious witness statement forwarded to me by you at 6:09 p.m. I will consider initiating civil action against BLM for conspiracy to pervert the course of justice, theft, defamation and other crimes. Since you admit your firm has to close many of its offices, I will do this without delay and nonchalantly before you go into bankruptcy.

Is that understood? Orla must comply with my demands and requirements professional and personal or she will be taken to jail. For the personal part I may accept a substitute who meets my requirements. Please forward me your own photograph, I could not find one online.

I await your response, preferably by telephone to the number I provided to Orla previously by yahoo mail Yours sincerely

Subject: Claim No. J00ME572 - PERJURY BY alleged DEFENCE COUNSEL

This Message originated outside your organization.

Dear BLM Law and others including Vicky at MEGAN

SRA reference number 49973

I am notifying you I have applied via my counsel of record Mr Forz Khan instructed by Slater and Gordon and Mr Benny John for a striking-out notice on the perjury-ridden Witness Statement with

Exhibits OS/1 – OS/6 of your former employee one Orla Scanlan on 27th May 2022.

Leave on the one hand the many lies in it, including ascribing the alleged work of the alleged night-time Dr Panigrahi to the day-time Dr Panigrahi, it is incomprehensible and even illiterate. Refer by way of illustration to part 9 there-of. This alleged lawyer Scamman under heading (9) as an example of her

inmeritorious contention that my claim lacks full merit wrote "The Claimant's principle goal (per his application for injunctive relief) appears to be". Even a junior apprentice would know it should have been "principal", not "principle". Or did she let her partner Lalji Vekaria write this vexatious material? Is he also Kubla Khan from

possiblynotarealdactor90@yahoo.com the email from which the stalker decimal entrepreneur Katrina Halfpenny for Sale had her alleged Guildford Sheiling boyfriend send me harassing emails?

Or is Orla, who I suspect on the basis of information from Professor Em. Sir Ray Coker, could have latent connections to the University of Greenwich, now alleging forgery and deliberately

wrote that inexactitude of principal to use later to wriggle out of culpability for her perjuries? At minimum, she is an unreliable inchoate witness and must be investigation for perjury and for obtaining her claimed legal qualifications via underhand or hand-under-petticoat means, it cannot have been legitimately?

Unprincipled being the principal characteristic?

Her other buttermees jaanbhosadiwale allegations must be struck down and disregarded.

She is part of the plot dating back to 1998 in <http://alturl.com/wd9vd> to have me declared a mental patient,

which I am not, and I will show any suar-ke-bachhe who claims this what use can be made of alternaria on which I am a leading published world expert.

As a law-abiding citizen conscientiously going about my lawful

2

duties in a principled, unpremeditated, unpreplanned and spontaneous manner, remaining calm in spite of the international institutional conspiracy, but aware that CCMCC deadline is

13

June 2022, the courts cannot allow this Mischief to prevail and must grant me summary judgment, and even custody for interrogation permitted by CPR 2.2a of this alleged solicitor under the supervision of the African Witch-Doctor Mwanche of Britton House and Hyda, the Duty Solicitor who has seemingly been abducted by the criminal morons in a Police State so as to deprive me of legal advice at this most critical of times for me. Due to thefts of my electronic equipment by buccaneering Team 19 of the Government Legal Department, the criminal Jessica Dacosta and Zara Broadley-Johns leading Ravi Patel, Adele Miller, Ade Quiller-Couch, Gwen Wright, Tom Bartlett, Shitikant Singh, Susie Riches-Kapur, Stephen Green, Amanda Hoad, Greg Thomas and Nayantara Sriram as aided and abetted by W.C. Fields, Nicholls and now A/S Gary Semen, my ability to defend myself against the wicked green evil old Queen Witch has been deliberately compromised. This even after I petitioned for her not to be beheaded for her derelictions of duty and the malicious bastardisation of my spam folder so as I only get some emails on my mobile but not on my other hidden unhijacked computer, but only to be thrown into the Tower of Babel.

By process of law and CPR you are impelled to acknowledge receipt of this email without a delay before I go off-duty and day-time Shantanu takes over and I will deny sending this.

Orla has missed

her greatest opportunity in life. Instead, the preliminary response from the Professional Ethics division of the Solicitors Regulation Authority indicates my complaint against BLM Law for

fraudulent misconduct, misappropriation, corruption, breach of GDPR in somehow obtaining my debit card details, abuse of process, contempts of court, and misrepresenting their position and authority in respect of their claimed client Hugh Pughesley, as named in my claim, while only presenting a letter of consent from Kent Police.

I will check by my 7-method on my clocks for indication from God of the opportune moment to discreetly send this, all my processes having been rendered more onerous because of the Home Invasion by Grunting Nicholls the Cruel. Is that clear enough? Until I clarify my form n1 as to particularisations, the amount claimed remains fluid and I reserve the power to escalate the demand from the discounted amount back to £ 50 million, with costs and my proceedings bearing every conceivable prospect of success.

After I soon prevail in court, I will refer all of you to the United Nations for war crimes carried out against me for 24 years. Only Orla will be excepted provided again she swiftly complies. I generously and fairly offer to Orla or a substitute who meets my exacting requirements, one very final opportunity to satisfy me. That extension expires on Gurupurnima.

If by some miscarriage I am denied justice then I hereby irrevocably once again renounce my British citizenships and

3

passports, also for my spouse in respect of whom I hold a Durable Power of Attorney, and so place myself out of the reach of the jurisdiction of your courts and collection bailiffry.

Yours sincerely

Dear Orla

I make it very simple for you. Why have you not given me your private email as requested before? My intermediary Paul is nominated here to keep matters private ---07720094986. Do not use my other number because I have proof they are listening in to my calls.

I can agree to halve my demand for £ 3.3 million in damages and compensation from your alleged client. So for this you get great professional credit for your legal acumen and buccaneering troubleshooting which will result in your promotion.

When the amount is paid out, I pay you one hundred thousand in cash in the manner you nominate, confidentially.

In return, you will surrender your body for my use for agreed periods. The agreement can be with the approval of my new lawyers abroad so above-board.

Yours hopefully that we can conclude a satisfactory compromise from which you and I will benefit. Do not share this email because I can deny sending it and it will be added to my evidential bundles showing state persecution.

Like you, I am a law-abiding citizen.

Do not delay because I will also approach Stephanie Harrison. You will by know from my numerous spontaneous complaints to judicial, regulatory, professional, ethical, administrative and police authorities, if you don't cooperate with my generous offer it will not go well for you. I don't refer only to the SRA.

Subject: OXS/150942/72 visit to home, not 30 Fenchurch Street

This Message originated outside your organization.

Dear Geri

Is the middle initial of Orla truly an X, or is that BLM reference formatting default when there is no middle initial? I need to establish this because I intend to viably email all partners, staff and behnchods at BLM to put them on notice about ongoing proceedings at the Supreme Court of Judicature and the failings of this Orla who deliberately committed a racial discrimination against me on 19 May by rendering my surname as paigrahi which is a derogatory term as I confirmed by clock-checking at <http://alturl.com/z4r2o>

Her career is over. In the OXS/150942/72 proceedings, acting so melodramatically upon unsigned notices and forms by me, which by not signing I indicated were Drafts for consideration, not final or for action or Services, and changing or attempting to change without my consent the name of the Defendant, and having no proven authorisation to act for the Defendant I actually named, only for someone else, it can be apparent that this Orla X is a criminal stooge and another kutia and fails to meet the professional standards set for solicitors.

Possessing as I do a certified medical document proving I allegedly have schizophrenia, she has no certainty which Shantanu lodged the draft documents and from which Shantanu to collect the maximum permitted costs of £ 20. There is no prospect of success in your perversion of a defence to J00ME572 which is now joined to a revived ME010463, HQ17X01773 and E35YM660.

I can share with you that for a long time I sometimes accompanied by my kutia worked seasonally at Medway Electoral Services in a clerical position, counter, almost cleaner, etc. This seemingly low occupation beneath my standing as a former principle scientist is explained by my true objectives. While in the chaos of the work I was able to obtain access not only to the electoral roll of my neighbourhood of which I took copies in case needed.

But I could even carefully access electronically data from the whole police state, unsupervised when I chose my time cautiously. I always had some excuse or other, "sent to check". The data I got had been most useful. I could have got your address too and made it a pleasant spontaneous surprise for you.

2

Unfortunately though I corresponded with them earlier this spring MES declined to hold elections this year which means I cannot easily obtain private home addresses until 2023 after I return from my India trip. Please you can now provide this to me.

My right under CPR 2.3a as a litigant in person to visit the premises of the other side or my persecutors, forgers and falsifiers at 30 Fenchurch but your BLM disclaimer says you are shutting down your offices suggesting an impending bankruptcy.

I cannot use the usual means after police harassment and illegal seizures so it is only with difficulty I covertly obtained your photograph, Geri. I so declare I have no further interest in Scanman but I intend to attend at your home premises to conclude our transaction. Kindly indicate a good time, next weekend? Two hours will be enough. 0207865 8498 and 0207865 3306 did not give me any joys when I tried over the weekend.

I hope all that is clearly understood and look forward to engaging with you and not have to waste my time cloaking my communication with you, Geri. You cannot know how difficult for me this is and what precautions I have to take. You will gain valuable life experiences and a generous share of the claim damages, which as a Master Escapologist I disguised as non money, but with the switch planned in the final scenes.

Yours sincerely

Dear Ms Scanlan

I think you pretend to misunderstand my little jokes. In view of your age and condition, it would be an absurdity for me to make you any overtures. You would have to pay me a substantial amount and then also it would have to involve me wearing blindfold or total darkness. Do you want any further assurances those practices have ended? Do you mind that I blogged all the accusations and correspondence?

I apologise to Ms Ottewell but I was overcome with warm emotions as a vaishna-advaitist upon finding her social media materials. Is it the policy of BLM Law to allow their staff to post such suggestive imagery into the public arena?

Is it part of the client-gathering strategy?

In your boilerplate you wrote "At BLM we value and encourage flexible working." so forgive me if I interpreted your flexibility of working too enthusiastically, combining the two ancient professions of the world.

I do not think you understand I have repeated medical diagnoses of F20 and whichever Dr Panigrahi you and your conspirators attempt to victimise, it can be shown to be the wrong one. You have no reasonable prospect of success in pinning it down.

As I remind the British State in almost every single one of my 59 most recent books, I am a Master Escapologist, and I make sure I widely publish by Twitter, websites and other means everything immediately so that any one of the thousands or millions reading that would have the knowledge

you claim only I could have. You are now world famous, not necessarily in the way you would like.

I too am world famous and identified several years ago, and then published, a list of 1,750 international jaanbhosadiwale criminals who have wronged me and who have a grudge against me and thus a motive. Now I estimate there are 2,250. Each of them a Prime Suspect. Is that understood? You already knew this which made your email to me from comply@blmlaw.com further deception which will be brought to the attention of the Law Society, with which I have commenced a complaint.

Now you cannot progress with your evil intentions, giving me a deadline of 4.30 pm on June 7, which was unfair over the long weekend jubilee holiday so in practise leaves me only one day to arrange everything in the absence of my counsel Mr Forz Khan who has travelled to his native Pakistan for renewal of his nuptials, which you probably also knew from the Law Gazette. This shoddy opportunistic behaviour is noted and will be brought to the attention of the court, with my need for an adjournment until September 30, 2023 at the earliest to prepare my response to your attempted blackmails. Till then I will keep my other earlier legal advisers abreast of developments.

A striking-off application is not a defence so your lackadaisical breach of duties to your client Alan Hugh Pughesley QPM will in due course be reported to his employer.

BLM's claim to meet Information Security Standard ISO 27001 (BSI certificate IS589484), Quality Assurance Standard ISO 9001 (SGS certificate GB 13/90471) and Lexcel, the Law Society's Practice Management Standard, could be in question following your publication unredacted of my debit card details using one of your trolls. It is also a breach of Data

2

Protection. Consider this only to be a warning but if there is any repetition I will report you to the Office of the Information Commissioner.

Because of your intransigence, I felt compelled to email the SRA the following email, you were warned earlier about perjury. While this Authority is investigating BLM Law it would be contrary to the principles of natural justice for your threatened proceedings against me, of any nature, to go ahead until there is full resolution and rulings from the regulator. This has seemingly been confirmed by the silence of the the Supreme Court of the United Kingdom when I asked them to deny I am correct. So a Judicial Stay Order will be applied for if needed and a summary costs

application against BLM Law and you personally for £ 55,000 each to match the Greenwich University claim will be filed.

But if you call me on the telephone, or have Geri, I am confident we can come to an arrangement to our deepest mutual satisfaction, and all these troubles will go away. I may also engage the services of BLM Law for my future litigation.

CONTINUED Whereas Brahma-Nature I in the conception of Vishista-advaita Vedanta was a satya-advaita truth-seeking methodology for me to determine the limitations within which we human beings are compelled to operate, and this has still to be borne in mind in that persecutors will try and overthrow the one who by self-proclamation is the lord of the jungle and a proven Master Escapologist in having survived for 24 years of State organised persecution and victimisation so that I have arrived at my destination and can now sit on my laurels, I still need to keep a watchful

eye on the means that the State and other vested interests who have been trounced through the efforts that I have engaged in in dharmayudha to restore dharma (law and order, morality)

- A NEW CLIMATE FOR MANKIND p1

Without demur by Mr Rehman Chishti MP or prohibition by Bhatt Murphy Solicitors, connected to my M.H. Specialist Dr Mahesh Bhatt at Maritime Medway Hospital, but under the approval number 29836347531333206 issued by the International Criminal Court on 10 January 2022 when they confirmed they have superior jurisdiction, I am not bound by any No-Contact restrictions purportedly and illegally imposed by vermine insect PC Paul Nichols, so next week I will be calling on the home of the estranged mother of your buccaneering boyfriend Nichols to question her about how that jaanbhosadiwale kahinke suar grew up to become such a pervert liar and thief of my equipment, equipment which is demonstrated is not involved in my posting and emailing because I manage the same even though the stolen equipment has not been recovered from the Purser. I can still do these things though now it involves much more work for me for which I must be compensated, I am adjusting my demands accordingly. We will check whether this lady also owes civil liability to me, and whether her police son is literally a madarchod. This accomplished to my satisfaction, I intend to drive via Guilford to Shillings-Halfpenny and take up my unpremeditated interrogation of yourself, being the prime witness and filer of false and vile complaints. Have you anything to say prior to sentencing, or will you at this very final moment agree to accommodate my personal needs? I destroyed your boss over his garden partying at <https://t.co/92squo3MuR> already and intend to escalate this in line with out earlier forum communications. The whores serving at the Government Legal Department have learned a harsh lesson, not to defy me. I told you the last time, I am a Master Escapologist. You have this one final last chance, don't squander it.

I am a very reasonable man.

Escapologist Extraordinaire right under the noses and before the eyes of the dogs of the state authorities. I stuck my head into the mouth and arse of the British Lion and retrieved it unscathed, this is because I am the sanest person to ever live in and walk on the planet and the most highly creative genius in the annals of history. My accumulated wisdom allows me to anticipate the action of scoundrels and stay two three jumps ahead of them, escaping their traps. My manipulation, in self-defence only, of the official legal medical and judicial apparatus has rendered it impotent and the precipitate actions of Nichols means it is merely a formality for me to collect my five million. This is not bragging but calmly reciting the enabling shlokas, which I will teach you after we navigate to our mystic physical or conjugal union. I am inclined to deal only sweetly with you despite your nascent involvement with the racial harassment and discrimination to which you subjected me, you are an inspiring young lady even if you are guilty on multiple counts of impersonation, for example as Kublai Khan and as Priya. I prophesied long ago that my mastery of Escapology means I was capable of escaping all the traps laid out for me to incarcerate me in a prison, or in a mental hospital, or to make me a destitute, to break apart my marriage, or boot me out of this country.

RECOVERING FROM THE REPUTATIONAL DAMAGE OF DEFAMATORY-PERSECUTION. This day,

the 20th of February 2022 saw the final nail in the coffin of the State or States who had defamed the author Dr Shantanu Panigrahi as having been blameworthy of gross

misconduct at the Natural Resources Institute of the University of Greenwich and the resulting State actions to turn him into a pariah of the British State in being subnormal mentally such that the State stipulated that he had an incurable mental disorder of persistent delusional disorder and paranoid schizophrenia or that he was feigning mental illness but was a criminal by nature such that he was required to be continually assessed by Psychiatrists including a Forensic Consultant Psychiatrist and forced to take antipsychotic, antidepressant and mood stabilizing medications when in actual fact he was always in full control of his mental faculties in being a master escapologist from the tyranny perpetrated on him.

- DEFAMATORY PERSECUTION SQUASHED p1

The rest is history as described in my 40 books under the theme 'The Allurement of Reality'. I survived intense persecution to live to tell the tale as a master escapologist. I learnt (as I was under Divine Protection) to conduct a mission of eradicating ignorance and re-establishing dharma on Earth

I blogged the above buccaneering provocation but in my haste to nail these bastards I overlooked what was hiding in plain sight, these corrupt criminals had used a family member to cover-up the original crime. Criminal investigation into the police inaction about this crime handled by – E Coulton. What could be more blatant? E Coulon crime investigated by E Coulston. - POWER CORRUPTS p11

Of course, all along I protested my innocence describing myself as the sanest person on Earth not just in the present generation of human beings but who have ever walked on the face of this Earth. I said that I was a purnaavatar of Sri Krishna, a God that I worshipped through those 24 years, and even bragged that I was the much prophesied Kalki avatar of Hinduism, out to restore dharma and to punch the final nail in the coffin of the British State; one who would stick his head into the British lion's mouth and be able to take it out again unscathed as a Master escapologist, because my knowledge and truths were superior in conception to that of the most horrendous of all Police States on this Earth including the one that I lived in. I retain this view as I write, but Judgement is Pending, Twenty years ago I had written to my Consultant Psychiatrist questioning whether the UK's Big Brother wanted to have a nation of morons in a Police State, such was the persecution that I felt was taking place even then.

- JUDGEMENT PENDING p1-2

Survival is an ongoing process...What specifically have I achieved in terms of my legacy for mankind: that is the question that needs to be addressed? Is it having the correct conception of Reality, such that I could become a Master Escapologist from the traps set for me by the enemies of Spirituality?

- JUDGEMENT PENDING p28

There is a method to my madness and madness in my method that no one can fathom because I am a master escapologist escaping all the traps that have been set for me to consign me to the mental hospital for an irreversible third time on Sectioning, or to have me booted out of this country by making me stateless, or to send me to prison as Kent Police has tried to do since 15 September 2021 on framed allegations of me having sent criminal anonymous emails to Kartinas For Sale and today I am led to believe that BP has also received one or more such emails from me but Kent Police would not give me a copies either of emails alleging stalking and harassment. It is all a Fix.

4

- JUDGEMENT PENDING p79

As an imitator of Mahatma Gandhi and a Master of Escapology who eluded and evaded all the hundreds of traps set for me by the British State of Morons, starting with the other wicked witch from the University of Greenwich I can guarantee to you that your attempts to get me framed by buccaneering state stooges and actors are doomed to failure and only will make more certain that I will ultimately get my judgment reward in the courts of International Justice and Public Opinion, of ten or could be twenty million pounds of compensation.

- LITIGATION IS THE BEST FORM OF DEFENCE p8, p10

quoted "You may already have worked out his aim. Panigrahi, a name that means 'murky waters', sends out communications that appear as if someone is forging him. He, a troll, then protests, files complaints, and tries to extort money from those who react. By way of example, his current victimisation of the Crown, three police forces and the government legal department and other bodies. He believes he will eventually get lucky in his scams. He describes himself in half a dozen places as the Master of Escapology."

Dear Dr Panigrahi,

Thank you for your email of 1 June 2022.

If you have concerns about the conduct of a law firm or an individual that we regulate you can report the matter to us.

What you need to do

Complete our report form and email it to report@sra.org.uk

What happens next

We will take the time to carefully assess your concerns, and we will also look at the regulatory information we may already hold to decide what we need to do next.

We will respond to you within the next 35-45 working days, sooner if we identify urgent problems that need our immediate response.

If we cannot help with your concerns, we will point you in the right direction.

Are we the right organisation?

We want you to raise your concern with the right people. Sometimes that is us. But other organisations may be best placed to help.

For example, if you have concerns about the professional service you have received from your solicitor, the right organisation to help is the Legal Ombudsman. Unlike us, it has powers to tell your solicitor to put things right, to pay compensation to you or reduce your solicitor's bill if it finds there has been poor service. More information about the Legal Ombudsman and how to make a complaint can be found [here](#).

Did my response help you today?

Please let me know if my response helped you today by clicking the feedback button below.

Dear Ms Scanlon

If that is your final decision on behalf of the Chief Constable of Kent Police, the Court should treat your email dated now as the Application Notice to strike out the Claim Form and the Injunction Application at a Hearing since you have acknowledged the up to date Claim Form and the particulars of Claim contained in my correspondence with the Supreme Court of the United Kingdom. As such your Application will be treated as the Defence of the Chief Constable of Kent Police in order to bring this matter to a closure as soon as Medway County Court announces a decision on whether there is to be a Hearing or if the District Judge enters summary Judgment in favour of the Claimant or the Defendant without a Hearing.

Please let me know immediately if you consent to this proposal.

Dear Solicitors Regulation Authority

I do not like filling in your Form as it cannot be filled on line and submitted as an attachment to an email. Kindly waive the requirement of filling in a Form. If you accept this, I will encapsulate my complaint against BLM Law as follows:

The Firm never sent me concrete evidence by way of a letter from Mr Alan Pughesley, the Chief Constable of Kent Police, against whom I started an injunction and litigation at Medway County Court. So for all that I know, BLM Law is part of the conspiracy to protect Judicial and Law Enforcement officials that dates back to 2000 with District Judge Caddick and District Judge Diamond who conspired with the University of Greenwich and the Ashford Employment Tribunal in my case of Unfair Dismissal, Racial Discrimination and Defamation under Claim ME010463 of Medway County Court. This is why the Court is silent now on Claims J00ME463 that is an offshoot of the Claim HQ17X01773. So BLM Law is the fall guy to protect the Defendants Mr Boris Johnson (Claim E35YM663 at Central London County Court), and the Consultant Psychiatrists at the various Mental Health Institutions of the United Kingdom together with their associated charities like the Samaritans, MInd, MEGAN CIC and now Turning Pointe as you will note from the attached correspondence ToJadeEpps(TurningPoint)Alcohol&Smoking6Jun2022.docx.

Secondly, BLM Law threatens me with legal actions and uses co-conspirators nobody@dizum.com and Nomen Nescio for the purpose and when I go through its Pre-Action Protocol issued for the purpose, it does not follow up with actions in the Courts so it is

guilty of framed charges that I have harassed its staff and others that are protected by the Chief Constable of Kent Police dressed as trolls like VOPA (Victims of Panigrahi Association).

Thank you if you would quickly let me know whether the Solicitors Regulation Authority has jurisdiction to consider this complaint.

Yours sincerely

For the avoidance of doubt, the court is advised that the defendant has filed and served an application to strike out and/or for summary judgment on 27 May 2022.

As advised in the covering letter to both the claimant and the court, the claimant has been put on notice that the defendant's application notice relieves the defendant of the burden of filing a defence pursuant to CPR 12.3(3) until the hearing of the defendant's application. We look forward to receiving Notice of Hearing from the court.

Yours faithfully

Government of the United Kingdom

Dear Madam

This evening following successive attempts to prove my right to work in the United Kingdom and being ejected insidiously by BP, Sainsburys and Tesco among others, and following the failure to obtain a hearing by 5.00 pm last Friday at Medway County Court to the Injunction that I applied for against Kent Police as attached: [n16a-enginjunctionagainstKentPolice20Apr2022](#), it is now clear to me that I am classified as being 'Stateless' in all but an explicit documentation issued to me by the United Kingdom government: please refer to the lack of legal proceedings that I have challenged various institutions with over the past 24 years.

The running commentary on this matter for today may be read here: Running Commentary 2 May 2022 (Bank Holiday) 2.18 pm ([knowledgeassessmentanddissemination.com](https://www.knowledgeassessmentanddissemination.com))

I am not too concerned about the state of affairs financially as I have considered myself to be a political prisoner since 2002 when I was first incarcerated under Sectioning in a mental hospital (and again in 2008) but would like you to clarify to me whether in light of the fact that I have never been charged with any crimes such as treason or sedition especially, notwithstanding that I have suggested improvements to the Constitutional framework of the United Kingdom as narrated here: Termination of the political prospects of The Conservative Libertarian Party of the United Kingdom | The Conservative Lib ([theconservativelibertariansociety.com](https://www.theconservativelibertariansociety.com))

Update:

Suddenly before the Courts and legal authorities complete their work for the day I nonchalantly published the above two emails and tweeted them as well as posting them on Facebook and LinkedIn. A couple of weeks ago a Orya person by the name of Amulya nayak Nayak asked to connect with me on LinkedIn which I accepted and then he wanted to communicate on Whats App which I also agreed to but I suspected that this was organised as a way of picking evidence that I had allegiance to this part of Odisha. It was not making much progress and I just blocked him on Whats App to be free and Stateless The documentation is awaited from the UK authorities to set this out if I do not get an Injunction against Kent Police.

I restored my connection with Amulya again and had a brief exchange with him. Nothing came from anywhere. I am free at 17.06 pm (UK-Time) 2022. The injunction was not granted so far but JOOME372 is still alive if I am harassed again I will activate it mentally only. Otherwise I will leave it alone.

Subject: The Master Escapologist Dancing with Wolves (1)

The following is my defence to the action against me you threatened at 4:58 pm on Wednesday, to show how inmeritorious and unpersuasive are your arguments and how, in light of my track record, you have no reasonable prospect of success. I can joke I will crush you like the saale pig-shit bastards, madarchod fascists, vermine insects, kahinke, wanker-trolling behenchods, bhosadiwale, suar ke bacche moronic slaves in a Police State and parasitic shit-bag criminal dog phirangis you are. I will stuff gaand mein danda into you for as long as I am alive, you arseholes, are you not filled with all the pissing and shitting I have done over your Nazi chickenfudging shit-filled gobar brains for 24 years you and your nameless, faceless humanimal masters swimming in the sewer in which I drowned all of you. I planned everything for years and now by these threatened proceedings I will at last get my payout. Understood? Because you failed to come clean to me and recuse yourself, I will continue and in a new website <https://BLM-Law-Are-Cunts.wordpress.com> expose the unethical conduct of conspiracy with judges, perjury, other lying and malpractice of BLM Law in its hopeless attempt to pin down a Master of Escapology.

Notwithstanding, I had to consider how I could have survived persecution over such a long period as a master escapologist bragging about it to the State authorities under their very eyes by saying so and writing that I intended to stick my head into the mouth of the British Lion and still hope to take it out unscathed.

- THE ALLUREMENT OF REALITY p231; A CONCEPTION OF REALITY p236; VISHISTA-ADVAITA VEDANTA OF A MAHATMAN-PURNAVATAR p139

But I resisted the third spell in the mental hospital successfully through awareness-based intelligence to deal with the illegalities through which the State dealt with its due processes of justice. I was an escapologist extraordinaire and considered myself not only the sanest person in the world

today but who has ever walked on this Earth and also the most creative genius ever.

- THE ALLUREMENT OF REALITY p233; A CONCEPTION OF REALITY p238; VISHISTA-ADVAITA VEDANTA OF A MAHATMAN-PURNAVATAR p141

This is not just a House of bricks and mortar. It is the spiritual House of Shelter where one develops such a degree of awareness of what is going on in the material world to deprive one of one's material liberty, that one judiciously takes steps to protect what little one does have through legal and medical channels of the judicial processes within the State: in a masterly practice of escapology that I fought hard for.

- THE ALLUREMENT OF REALITY p242, p255; A CONCEPTION OF REALITY p247, p261; VISHISTA-ADVAITA VEDANTA OF A MAHATMAN-PURNAVATAR p147, p155

God Himself will come and alert you to the dangers if you are not prepared for the traps that the adharmis are plotting against you. It will spur you into taking further corrective actions to step up and find navigation right in a master of escapology...but if you see that in the State that you live, you have freedom of expression, you express your reactionary feelings in such a manner so as to stave off the parasitic insects in the form of human beings. You take steps like calling them out by publishing their evil acts as much as possible. For me democracy gives that latitude. One can seek asylum in other countries when the level of persecution gets too much or so much that they are on the verge of killing you. That is best. But otherwise be prepared to be sent to a mental hospital for fighting to take revenge and fighting to retaliate against even the State Judge and the State Prosecutor refusing to issue and serve summons on the criminals who have been persecuting you. They will have to feed you and look after you in a mental hospital and prison and if you have played your cards right from publishing every little thing that they do against you, bringing it out into the Court of Public Opinion, that in itself is enough revenge.

- THE ALLUREMENT OF REALITY p270-1; A CONCEPTION OF REALITY p276-77; VISHISTA-ADVAITA VEDANTA OF A MAHATMAN-PURNAVATAR p166

Freedom of expression is highly curtailed by the State, all States without exception. One needs to be very careful on what one writes and utters in public. Mukti is therefore only possible in the seclusion in one's House of Shelter. This is not just a House of bricks and mortar. It is the spiritual House of Shelter where one develops such a degree of awareness of what is going on in the material world to deprive one of one's material liberty, that one judiciously takes steps to protect what little one does have through legal and medical channels of the judicial processes within the State: as a master of escapology.

- SEARCHING FOR MENTAL HEALTH SERVICES p588; THE CLIMATE CHANGE PHENOMENON p146

One has to take steps to avert dangers to oneself. And to do that I am afraid one has to do whatever is necessary: to lie, to cheat, to deceive to do whatever one can to avert danger to oneself [i.e., satya advaita]. And to do not the normal thing, but going to and fro talking to one person, saying something to one person, saying something to one's wife that one does not believe in. And it is all tactical manoeuvrings that has come naturally to me. It was never premeditated. It was all spontaneous and nonchalant. And for that, I regarded myself as a purnavatar, a mahatma; a developed mahatma, an emerging genius, a master escapologist, all because it was all preordained and pre-orchestrated for me by God Sri Krishna.

- SEARCHING FOR MENTAL HEALTH SERVICES p613

I was not content to be castigated as a mental patient after two spells in mental hospital for short periods and receiving the State's disability living allowance, so started doing menial jobs like a Cleaner, petrol station worker, and engaged in Convenience Stores employment to earn money

but all along fighting a dharmayudha with the money that was so acquired. The fight to restore my reputation was in full swing, and I founded and tested fully the practicalities of the philosophy of Vishista-advaita Vedanta which incorporated sanatan dharma, the process leading to the fullest possible knowledge and wisdom that generated awareness to become a master escapist from the scoundrels who terrorised me over these 24 years.

- POST-REALISATION MUSINGS p5

In legal matters, I am a master escapist because my knowledge, my truth-comprehension, my truth-probes, and my truth-exposures are superior to the truths underlying the Constitution of the State of the United Kingdom or of any other State in the world. I can therefore always strive to get that knowledge assessed in any Court action, be that mental health assessment or legal assessment on criminality and civil prosecutions. This is why the Mundaka Upanishad states Satyameva Jayate in Hinduism. No human values can trap me into legal or medical difficulties to take away my liberty because I always have an answer; the scope for manoeuvring and hence the sanctity of Vishista-advaita Vedanta with its political offshoot of The Conservative Libertarian Society is unbeatable; and Dharma Rakshati Dharma is the eternal law of the universe.

- POST-REALISATION MUSINGS p8-9

I am a MASTER-ESCAPIST as I know the nooks and crannies of all man-made laws and therefore can survive the most totalitarian and horrendous of all evil-States in Brahma-Nature that can unleash its persecution on me to try and enslave me to deprive me of my dignity of independence and liberty to continue with my freethought and freedom of expression from the safety and security of my own home here in the United Kingdom by silencing the persecutors into their cubby holes...

- TRUTH-ACCOMMODATION p46, NAVIGATING THE STATE OF THE UNITED KINGDOM p250

So you understand, in my nonchalant, spontaneous, unpremeditated way, I carefully mastered the art and science of ESCAPOLOGY. I always have alibis and I leave no trail behind, even here posting using the poor B&B wifi of a coastal nook. I will always escape the legal and police consequences of my innocent and dharmic actions. I stick to my story all my email addresses are hacked etc. And the more critical emails I send using other ways. So madarchods like the cunning buccaneering bastard PC Nicholls or Nichols as he now spells it have no chance of trapping me...Dr Shantanu Panigrahi, MASTER-ESCAPIST

- TRUTH-ACCOMMODATION p46-8

I had prophesied a year or more ago that I was a master escapist capable of escaping all the traps laid out for me to incarcerate me in a prison, or in a mental hospital, or to make me a destitute, to break apart my marriage, or boot me out of this country. I stayed put, with a full discharge from the Secondary Care in the Community provisions of the Mental Institution of the United Kingdom and freely writing on in the way now that would seek me fame and fortune through the sale of my books solely for personal gain so that our family benefits.

- PASSAGE TO INDIA p25

Police worms are, as usual, lying and seeking with malarkies to deny my constitutionally-guaranteed rights to freedom of expression. Communications are part of formal legal proceedings allowed or even ordered by Court and cannot be prohibited by some terrorist. In all judicial, police and legal matters, I am a Master Escapist because my knowledge, my abilities to comprehend real truth by means of my sattvic and lingam-probes and my truth-exposures and accommodations are far superior to the truths underlying the Constitution of the moronic United Kingdom or of any other state anywhere in the world. I can therefore always strive to get that knowledge assessed in any Court action, be that mental health assessment or legal assessment on criminality and viral immunities in civil prosecutions.

- THE FINAL STRAIGHT p2-3

The peabrain dickless PC failed to realise that, after <http://alturl.com/z4r2o> I judiciously took complex preplanned steps to protect what little I have through legal and politico-medical channels of the judicial processes within the State. This is my greatest single accomplishment, as the Established Master of Escapology from the consequences of any of my deeds. Had Bhosadiwale Nichols read <http://alturl.com/wd9vd> he would never have embarked on his vendetta against me. He declared war on my family, can hereally think his own family has an immunity from lawful retaliation? But I thank you and your former gentleman friend Kubla Khan (KK like CC, Charles Calthrop?), swimming in a sewer, from the bottoms of my heart for making, because of their three illegal property seizures on November 24 I, as a Master Escapologist, enticed and tricked these kahinke suars into carrying out, my legal proceedings to get £ 40 million in compensation from the nation of tightly-controlled morons without human rights cowering terrorised in an illicit police state so much easier. As a Vaishnavite Satya-Advaitist Hindu sadhaka trying to practice my religion peacefully in the United Kingdom, I still generously make you a decent, honourable offer of three percent of my takings (damages) in return for your full co-operation and your voluntary intimacy.

Dear Solicitors Regulation Authority

To this date, I have not received any documentation from Medway County Court since the Notice of Issue was received in the post as attached: Document_2022-05-13_152026.pdf. I have however received a number of documents both in the post and by email from BLM Solicitors and these have been published and brought to the attention of Medway County Court. These documents include an Application Notice 2022.05.27. Strike Out Application.PDF attached with the Witness Statement and Draft Order that I also received (2022.05.27 Draft Order.PDF; 2022.05.27 Witness statement of Orlan Scanlan.pdf). I have also received the attached documents 20.22.05.27. Dr Panigrahi out app.pdf; 2022.06.01 Dr Panigrahi.letter out.pdf.

The Court has not sent me any of the documents submitted by the Defendant to me directly which I expect will be Court-endorsed and sealed if it is accepted by the Court. So unless these arrive in the post for me to respond to directly to the Court, the Defendant's Application Notice is null and void so I would have nothing further to do with BLM Lawyers in this regard. The Defence to the injunction issued and the Claim Form both under Claim J00ME372 has to be submitted to the Court by the 13 June 2022, and failure to do so will entitle me to Default Judgment on this day.

This is the specific question that I wanted to ask the Contact Centre at the Solicitors Regulation Authority about.

Yours sincerely

Dear Sirs

Does the Solicitors Regulation Authority actually do any investigation of complaints brought to it or do you just play around with paperwork? It has been two months since I contacted your Professional Ethics Department concerning the Legal Ombudsman and Sla\ter and Gordon and it is now several weeks since I complained about BLM Solicitors for no result whatsoever. This morning I sent you an email that required urgent action as attached ToComlyBLMLawccMedCTyCrtSolsRegAuth.pdf following my email of the 7th June 2022 as attached: ToSolicitorsRegulationAurhorit7Jun2022.doc; and you totally ignored these submissions when you are required to address them before the deadline of 13 June 2022 when the Medway Court has to decide on the progress of Claim J00ME372.

I am sorry for every contacting the Legal Ombudsman and the Solicitors Regulation Authority with my complaints against over 50 Law Firms over the past 12 years.

Yours sincerely

Dr Shantanu Panigrahi

Dear Miss Scanlan

I apologise profusely if I upset you in any way but in my constitutionally-protected religious activities it is compulsory for me to have made those overtures and preliminaries to you. In my email to you of June 5 (Sunday) at 11:05 am, you can see I referred by Cc: to your ally the Acting Police Sergeant Gary as "Searmark", anticipating the time of my branding him with a searing hot iron to leave a mark he can never forget every time he sits down.

Now that you seemingly confirmed your threats against me were a bluff, because the deadline expired long ago and there is only a silence from you, could you now confirm without undue delay that you have abandoned your course of harassment against and terrorisation of me and have notified your real and true clients, not Pughesley The Proxy, that they will have to pay me a significant sum? We can get down to business after you provide sufficient head.

While daytime Panigrahi will maintain an air of victimhood, dementia, autistic spectral issues, acute affective paranoid schizophrenia, incoherency, this deceptive cloak gets abandoned at dusk after which I am the night-stalker of your dreams, as certifiable by the Ace SLAMmer Michael Kingham FRS of Maudsley Lulu and Lala Hospital.

Refer please to my nocturnal conversations with Miss For Sale because there I provided my dilation recipe which applies equally to you notwithstanding that she was much younger. Thank you.

Now this disagreeable matter is conclusion I wish to retain your services to reclaim my British Nationalities which had been stolen by trolls working for H.M the Queen and preventing me from fully enjoying the scope of my British Passports.

Yours sincerely

Thank you for reporting your concerns to us about solicitors.

We are now taking the time to carefully assess these, and we will also look at the regulatory information we may already hold to decide what we need to do next.

We will respond to you within the next 35-45 working days, sooner if we identify urgent problems that need our immediate response.

If we cannot help with your concerns, we will point you in the right direction.

Court Manager
Medway County Court

Dear Sir/Madam

In relation to the attached Notice of Issue of Claim (Document_2022-05-15206.pdf) the Defendant (Kent Police) has not filed an acknowledgement of Service, so that it had to file its Defence by way of a reply to the Court by 30 May 2022, which the Defendant has not done.

Accordingly, I am hereby applying for Default Judgment today.

Update:

No emails came this afternoon from anywhere, nor did the telephone ring as I was expecting for example from Vicky Randall of MEGAN CIC. It is all over with. I have proven that the Police are above the law and can do whatever they like in terms of their policing methods in this country in the current Constitution as interpreted by the State establishment. Kent Police can keep our desktop computer, my USB Memory Stick, Amazon Fire tablet and old Mobile phone and keep me under investigation for as long as they like. They do not answer to courts in civil litigation claims. The Establishment wanted it hidden, so they tried all tactics to put on the façade of civility that has any human rights and civil rights that they should be subjected. The Medway County Court did not reply to any of my emails. The Queens Bench Division of the High Court in the first instance struck out the Claim for money redress for its policing without providing the full written reasons for its decision.

The matter could not be Appealed to a higher court. Even Judicial Review in the High Court to all my litigation and appeals failed both against Kent Police, against the University of Greenwich, and the Prime Minister of the country. The injunction was applied for and no decision has been made. The tried all kinds of means since 2017 to have me booted out of the country or placed once again in a mental hospital or worse in a prison cell to shut me up. Lately, their lawyers to prevent the need for the Medway County Court to write to me on the progress of J00ME372 (Injunction and Money Claims) first tried to have it struck out with summary judgment, but I acted swiftly applying for a Hearing to consider the application. The Court did not reply. So the State got its lawfirm to frame further allegation of harassment on its staff using set-up evidence of criminal anonymous emails. I tackled it by referring the law firm to the Solicitors Regulation Authority to order the firm to recuse itself from J00ME372 proceedings. This morning the Pro-action protocol and Solicitors Regulation Authority referral as well as the Mental Health referral was once again pressed for through a criminal anonymous email, and Solicitor Regulation Authority wanted me to contact it. I promptly applied for default Judgment today. So they were cornered, with no escape route but to have had its façade of civility exposed. It is a dictatorial monarch as one of my books had been written to be the Constitution of the United Kingdom.

This is Hindu-Spirituality condensed. Always seek and expose the truth. Satyamev Jayate. That is the dharma, the Sanatan dharma. Always truth-accommodate, accept the reality that one has exposed, and move on. It is the process of satya-advaita yoga that such truths are revealed, and one is content with the results. Dharma Rakshati Rakshita has been proven. That is how I am leaving this book Section at 17.30 pm 9 June 2022.

REVISION

The road-map to maturity of the mind is ascertained through satya-advaita that brings one to ones true nature of Self when atman= Brahman.

Atman is simply the term for the mind baing purified off its ego which heightens awareness as it approaches the Self state.

Satya-advaita is truth-accommodation, that is to say the whole-hearted acceptance of Reality every moment; the status quo.

<https://www.theconservativelibertariansociety.com/forum/tclp-uk-proceedings/the-raison-d-etere-of-the-conservative-libertarian-party-of-the-united-kingdom-revised>

Following on from the above post, the Conservative Libertarian Party of the United Kingdom reversed its stance on the Constitution of the State to retain the present status quo having considered its strengths and weaknesses in detail. The flexibility of the Constitution enables evolutionary interpretation of its provisions in accordance with public opinion on a day to day basis, thereby making a good basis for stable government going forwards.

So where does this Party stand today. We are definitely not Monarchists or Republicans but stand for the traditions and values of the society within which we exist. For us the culture is important and so we are a distinct party to the Conservative and Unionist Party which is a broad church of different factions as is the Labour Party. The exception is the liberal values of the Liberal Democrats with whom we do not share liberal values as we focus on actively accommodating ourselves in sustainable development with regard to the environment of the United Kingdom.

We campaign for zero immigration whether through the legal process or from asylum seekers as refugees, and in accordance with this principle we support the Conservative Party's policy of deporting illegal refugees to Rwanda as is currently being attempted.

We focus on a strong economy but support trade-unionism as a legitimate part and parcel of the bargaining process where each individual worker is entitled to be part of a union on a voluntary basis and campaign against illegal business practices in terms of pay and conditions.

We are a pacifist Party and campaign for the eradication of all weapons of warfare from simple armaments and missiles of conventional nature to nuclear weapons globally. We only believe in isolating evil-doers like the Russian government led by Vladimir Putin on his adventure into Ukraine for the past 100 days and destroying carefully built infrastructure and killing innocent civilians and troops. We believe in negotiated settlement of the dispute between Ukraine and Russia for which a cease-fire should be declared immediately.

We are a spiritual Party who believe in God the Creator who can also be a Personal God to anyone who subscribes to religion but accept that society must be run on a secular basis.

I held out an olive branch by posting or reacting to a SEO Gupta email that I had deleted to see if it will be taken up by some positive action on this Friday from the Medway County Court or from Kent Police, but nothing came by email from either. So I discontinued by association with the State's institutions as a non-cooperation message sent. That is all a Hindu can do, stop co-operating when there is no sign of justice being delivered. That was also the snub to Chris Wood when reacting on his Facebook message in that I did not write anything just put up a thumbs up sign yesterday.

MEGAM CIC was in particular a great source of danger to me for Vicky Randall had asked for my consent to refer my medication review to Britton House and together with Power Point were covering for Long Catlis Road Surgery who did not reply to my email of a few days ago. So both of these busy bodies had to be whacked out of sight to corner the GP Surgery.

Here is the email that Long Catlis Road and KMPT (Kent and Medway Partnership Trust on behalf of Britton House) did not reply to, nor telephoned me about:

Dear Dr Mawanche

*It has been 6 weeks since Kent Police referred me through the Single Point of Access for a fresh new diagnosis and treatment of my mental health and this was conducted by Britton House as attached:FrMicahelQuarmCMHT_MDT_9May2022received13May2022.docs;
FrMichaelQuarm(CMHTBrittonHouse))9May2022received13May2022.dox.*

The documents puts the responsibility on the Surgery to follow up the recommendations in the Reports and yet I have not received even a telephone call from the Long Catlis Road Surgery on the provision laid out. Additionally, both MEGAN CIC and Turning Point have turned their backs on the support that I need right now.

I feel very depressed right now, especially since the Medway County Court has let of Kent Police scot-free in relation to 17 counts of criminal activities of perverting justice and perverting the course of justice over the past 24 years of State-organised persecution on me as the following termination of proceedings on Claim J00ME372 shows.

I need to make an appointment with the Surgery at the earliest opportunity to revise my medications as the sertraline is not working any more.

Thank you for your kind consideration.

Dear Sirs

Have there been any developments or directions issued by the Judge in Claim J00ME372 thus far?

I would be grateful if you would clarify, so that I may prepare for any Hearings or draw the matter to a close: Kent Police has still not returned our desktop computer, my USB Memory Stick, Amazon tablet or the old Mobile Phone in this regard nor has it intimated to me that its investigation of me as a suspect in the Harassment and Stalking allegations has drawn to a close. Further I received the attached email yesterday which is confusing: MCT replyCETO37201-22 HMRC.pdf.

So long as Kent Police have our personal belongings in their possession, the legal process at Medway County Court must continue for it would otherwise lead to criminal charges being levelled against me. I must get that heard under my Injunction application and Money Claims application at Medway County Court. So the warfare is not over yet. There is more dharmayudha to battle through, no matter how long it takes. Nothing will be published until it is all over and I get my due damages and compensation from Kent Police representing all the other criminals that it has protected by obstructing justice and perverting the course of justice. The court officials who manipulated the 24 years of litigation that I mounted to no effect are included in the Claim Form, and were reported to Kent Police for criminal charges on the grounds that no one is above the law in the United Kingdom. I have asked for the Listing Date on J00ME372 yesterday after being told by the court official that he believed that the Case has been listed. First I have to see out Kent Police for the complaint against it submitted to Professional Standards Department is being investigated with a Case Number RE: EXTERNAL - Your Ref: CO/00529/22.

Human who live from their senses of body-brain complex have desires and ego and in societies engage in networking and connecting with others to then give the impression that man is a social animal; those humans through the spiritual path of yoga find their atman from raw mind to transcend to the higher echelons of reality as Self and their true nature are individualistic and shun socialism.

So I have stopped all website publishing now given that I am totally isolated and Self-contained. No more Running Commentaries on the Legalities will be provided. I will just stay at home and write out my thoughts in this book. Better still I will stop writing anything whatsoever and live on.

Freedom or liberation is such a wonderful feeling: it comes from total detachment from material and spiritual concerns, worries and associated stresses, for which one needs to have no ambitions, aims, targets and beliefs, by just go with the flow of incidents and events and accommodating oneself within one's realities. This feeling of freedom of the mind into freethought and expression generates what It is termed moksha in Hinduism, for which one needs to spend time and experience life and Nature and learn to train one's mind to taking the correct actions to adjust oneself to what is in store for one's living conditions. Freedom gives peace of mind for one then becomes oblivious to what happens and is totally spontaneous and unrepentant over ones actions as if one has been doing just the natural thing for living within Nature. Freedom is attained through the idea that nothing can beat truth-search and truth-expression as long as one takes the steps to accommodate oneself within that truth-based reality.

Yes, I have realised now how to live.

Brahmanism

<https://www.knowledgeforworldconservation.com/post/brahmanism>

Allured by awakening during 1997-1998 of events to unfold in my life, I had an encounter with a Higher Power and soon afterwards started communicating with it assuming that it was a God residing in my mind. I used a digital clock times to have questions and answer sessions on a whole host of issues which included the actions that I needed to take on a moment by moment basis against the University of Greenwich and other institutions nationally and internationally. The details were all jotted down in my handwritten diaries.

One of my first questions to the perceived higher power was who was I dealing with. The answer seemed to be that it was Brahman, and i was on a mission of dharmayudha which I clarified to Psychiatrists in the mental hospital of where I had been detained in 2004 by the State of the United Kingdom as me practicing Brahmanism.

Brahman is the Ultimate Reality, whereas Brahmanism is the practice of dharmayudha that conserves Brahman as enabled through satya-advaita yoga, the yoga of truth-accommodation (seek the truth, expose the truth, do not let truth get covered up, and accommodate the truth).

As a Vedanta, Brahmanism is Vishista-advaita Vedanta in its belief that God lies within Brahman such that ones actions are karma in sanatan dharma.

15.27 pm (UK-Time) 18 June 2022

FURTHER ASSESSMENT

Self, ones true nature, when finally through yoga, the mind as atman equates to Brahman, the Ultimate Reality.

That is not it. All that exists is Brahman performing Brahmanism as dharma: I am that. You are that. Rocks are that and plants too are that. The Self state that I described was transient phase in my search for the Conception of Reality. The Ultimate Reality is Brahman which is indescribable. Identifying with the self or the higher Self is delusional. It was a process that I went through to understand it in complete form. Everyone performs dharma as it suits them. I practiced my own brand of dharma in karma in Sanatan dharma that was I imagined as something real. Now there are no God of Gods for me. But I as Brahman still perform my dharma as I see fit. I have been consistent in what I have done over the past 24 years and never once wavered from the path that I set myself to protect my reputation. That was just part of my individual fate. Twenty four years of litigation conducted in the United Kingdom against all kinds of individuals and institutions and the battle goes on in dharmayudha. Every individual has a fate, a destiny and this was mine. I had my ups and downs in life same as everyone else. I live now as Brahman, in the same way as I have always done practicing Brahmanism, which I decided had to be to develop knowledge for world conservation in order to leave behind a legacy of achievements. I need to clarify that no God had ever set a mission for me. I have no proof that I had concrete evidence of a Personal Bod or even a Creator God as I reflect on right now. So I have turned my photograph of Sri Krishna and Devi Durga face down on the bookshelf to reject that hypothesis of there being a God.

So what is Brahman, the indescribable? It is everything that moves in its own way eternally with no beginning or end. We humans are just part of what has been going on planet Earth for billions of years in the natural evolution of the species in the Paleontological tree of life. These evolutions that manifest themselves were also Brahman. And not a Grand Design by a Creator God. Nothing was preordained and preorchestrated. I am no one special in having survived to carry out my studies to get to this point. I devoted myself to the study of material and spiritual sciences, as a personal mission to get to understand it all. It was delusional to think that a God had selected an Hindu Brahmin like me with good parental inheritance to study Zoology and Botany respectively to provide a comprehensive assessment of human knowledge. I was just fortunate to have ended up in the United Kingdom to have had the facilities of educational establishments, research institute and Universities and the Internet to have been able to spend 16 hours a day engrossed in communications with others over the past decade. It was delusional to think that my life was all organised by a God to address all kinds of issues, human and environmental with a wife and daughter here in the United Kingdom. I had to use my intelligence to survive here over the past 24 years having stated categorically that I was the prophesised Kalki avatar, the sanest person who ever walked on the face of the Earth and a Master Escapologist who would put his head into the British Lion's mouth and hope to take it out unscathed. But I have achieved nothing from my 55 Books on the Conception of Reality. It is still work in progress. What I do know is that the body (self) is nothing other than physical energy with a heart, brain and some kind of mechanism for intrinsic thoughts to surface. It is part of yoga that these thoughts should be regardless as meaningless and not to be relied upon for one's actions in living one's life if one is to survive as a Master escapologist from the persecution that I have been subject to by the State of the United Kingdom for my dharmayudha in exposing the sham Judicial and law enforcement processes of the State. I still have to survive for which I need to be aware of the dangers and being Brahman now I am fully aware of the dangers to myself so will do all I can to withstand further persecution if it comes about.

Today, I have proof of Brahman being the only viable explanation of Reality having gone through various stages in the understanding of Reality. Quite simply it is to be physical energy with a mind of its own owing to the atoms and electrons and other subatomic particles that it consists of. I will see

how this all turns out in the future as I received an email from Sainsbury's that I had not been selected for interview for the Food Assistance job that I had applied for in a local store in Chatham Kent.

I cannot be attached to Self: I am free as Brahman to do what I think is my dharma each moment of the day, including when I write on the websites or in my books. That is the only way I can operate, nonchalantly, spontaneously and unpremeditatedly without aims, hopes, wishes, ambitions, missions, expectations, anticipations, hopes and ego-based desires. My karma is the result of such a process nowadays. All my past writings were genuine experiences and should be read in that light.

18.49 pm (UK-Time) 18 June 2022

Brahmanism dharma has no purpose, aims, missions, hopes, wishes, expectations or desires: it is just nonchalant, spontaneous and unpremeditated chaos.

One gets to know Brahmanism dharma when one loses all one's attachments to become one's true nature as the Self.

Brahmavid Brahmaiva bhavati (Upanishad): he who knows Brahman verily becomes Brahman; thereafter performing Brahmanism dharma.

God as Sri Krishna, Allah, Jesus Christ, Shiva, Vishnu, etc are names invented by human minds in their purely materialistic surrender to a non-existent higher Being.

Brahman consists of the physical energy of atoms and other subatomic particles rolling on in time in unpredictable and impermanent ways: I am that.

Satya-advaita yoga: the scientific method for enquiry

<https://www.thenewclimateformankind.com/post/satya-advaita-yoga-the-scientific-method-for-enquiry>

In the quest to satisfy the need to know and unlock the secrets of the universe, satya-advaita yoga or the yoga of truth-accommodation is the only scientific method that one can adopt with its continual inner transformation of the mind and simultaneous knowledge distillation. The process is the ultimate in freethought and expression without fear of any contradiction for it is a steady approach and one writes one thoughts as one goes along the path of truth-search.

Satya-advaita yoga builds on extensive material knowledge from pure science based on research in the laboratory on the natural sciences and when this is exhausted and got nowhere the mature mind looks inwards to see how the mind is working: Is it brainwashed into materialism so that there might be a spiritual dimension to existence? In my case I had visions, utterances and prophetic statements that were so unrealistic for a Pharmacologist to accept that I felt that a higher power might have been guiding me into a mission or warning me of dangers to my life and limb when I lost a cherished 18 year scientific career at the Natural Resources Institute and had published 35 odd scientific papers but was then found to have been blameworthy of gross misconduct in the workplace in my view unfairly. The quest for knowledge took a sharp turn when I decided to uncover the truth of how the State of the United Kingdom manifests itself in its legal and medical establishments. I tried to communicate with the imagined Personal God within who might have been awakening me into higher things from the 'noddly' work of poultry nutrition and animal and environmental sciences, but it only landed me in the mental hospital in 2004, and caused me severe depression for years. So I became an atheist for my riches to rags story in pondering how and why that could have been a God to guide me in my material struggle to restore my reputation.

The thirst for knowledge was very strong notwithstanding and I engaged in a battle for survival in the Police State of the United Kingdom, which lead to a second spell in the mental hospital in 2008. The possibility of a God within would not go away as I was still looking upwards for divine intervention and protection, but this was a major setback for I had lost my freedom for the second time and I was then determined to become totally independent of the higher power and study the humanities and religions afresh to determine the nature of the inner reality contained in my mind on a day to day basis. The perceived God had not given me any concrete proof that He or she existed so that I could proclaim to the world that God existed either as Creator God or a Personal God.

From 2010 while doing menial jobs to earn some kind of living I was determined to stay out of the mental hospital or to get booted out of the United Kingdom or get sent to a prison for my legal proceedings undertaken that were examining the Constitution of the State to learn about the material realities of humanology, unwritten as the United Kingdom's Constitution was and still is. Warfare followed with the State and lasted right until this weekend, the 19 of June 2022. I had written 55 books of my autobiography in the finest detail and created numerous websites to publish legal and scientific materials that gave me a purpose in live and had brought me out of depression that followed the mental hospital incarcerations. I was going to stay put in the United Kingdom with my family intact come what may and this is when I learnt to get the best out of myself to stave off dangers to my material prospects by controlling my mind: I survived in the United Kingdom.

All this struggle for survival are due to the fact that I discovered the science of satya-advaita yoga from personal experimentation that also revealed the truth of who I was and who we all are potentially.

Today I am an atheist and attribute all my early visions, utterances and prophetic statements to how the human mind works as generated by the brain and what we make of dreams and sayings on

reflection is a personal interpretation as they can be potentially considerably delusional. I was classified in the mental hospital as suffering from persistent delusional disorder and this diagnosis was retained for years after I was released from the mental hospital in 2008 and kept in the Care in the Community provisions of the State. But all along the need to know had not been satisfied and I was determined that the yoga had to be continued for I reasoned that I only had one life and this was the best use to put it to. I learnt how to survive paranoid schizophrenia brought on from having to cope with intense persecution, by losing all my attachments to material matters, beliefs, objectives, missions, plans, wishes, hopes, ambitions, expectations, desires and ego. It took a long time for me to know enough of how the mind works to discount the Bhagavad Gita as being a work of fiction based on a mythological story but which had led me and so others into what is generally pursued by Hindus in India as the word of God. The same is true of all other 'holy' books of established religions I deduced. By losing my attachments as a purely yogic exercise of inner transformation I sharpened my awareness of the dangers and pitfalls of dealing with national and international criminals who persecuted me over the past 24 years. Losing all the attachments led to finding my true nature free of the body-brain-mind complex that is called one's higher Self, and that state gives one the perfect actions to live in the most productive manner possible in the material world. I became mindless.

Given that we have a universe that maintains itself and goes its own way in a chaotic manner, my actions were also chaotic in nature for I never now knew what I am going to do next, even the next moment, what I will write or say. My faith that whatever I did or howsoever I reacted to stimuli would preserve me. I know is that the Self state of oneself equates to the entity that is the universe as the Ultimate Reality to accommodate as an advaitist and so what many Hindus call Brahman and the Self are one and the same thing. So I am Brahman, with no mind of my own free, from birth, death, needs, of any kind.

Dear Sirs

I had a few email exchanges with DS Seamark over the past couple of weeks, and so as to not waste any Police time pending the assessment of the attached interrogation and arrest matter (NorthKentPolicReleasewithoutbail.pdf) I will now withdraw, without prejudice, the complaint attached: FrOperationalManagerPSDKentPolice26May2022.docx

However, as you must be aware, there is an Injunction and Money Claims application against Kent Police at Medway County Court under Claim Number J00ME372 for which a Listing seems to have been directed by the Judge from the information that I have received.

Pending the resolution of the Claim in accordance with what the Judge now decides is the way forward for the Claim, I need an update on the arrest/interrogation of stalking and harassment for two reasons, namely we need to decide whether to now purchase a new desktop computer for our home to replace the one that was taken away by Kent Police for forensic examination on 24 November 2021, and also an Amazon tablet (I have already acquired a new Mobile phone for my personal needs); and because I have overnight applied for a few jobs locally so need to be available for work so that the date for the completion of your investigation is important.

Yours sincerely

Thank you for your email today Wed, 25 May at 12:07 pm with its attachment Panigrahi -Start of Process letter.pdf

Unfortunately it was lodged in my Spam folder and I did not see it until around 6.45 pm. I then telephoned 101 for Kent Police and spoke to Ben in the Control Room explaining the letter and that I agreed with what is proposed except for greater clarity on what needs to be investigated. The error in the letter is that I was given a Duty Solicitor named Hyda on 16 September 2021 at the Police Station who advised me of my rights and said to me that she would accompany me to the Court if it got the matter got that far, that is if I was prosecuted by the Crown Prosecution Service. After I left the Police Station Hyda never once contacted me and I was told that she could not be contacted through the Control Room facilities of Kent Police. Further she did not attend the second arrest custody meeting on 24 November 2021 when PC Nichols knew only too well that she was my Duty Solicitor to advise me and accompany me to the Court to defend myself of the allegation of Harassment and/or Stalking. The specific events of 24 November were sent to PC Nichols for comments and correction as attached Events of 24 November 2021.docx, but PC Nichols never replied to what I had recalled of the day in North Kent Police Station. Please contact Hyda immediately and request her to get in touch with me.

Further PC Nichols knew that I am a mental patient diagnosed with paranoid schizophrenia and persistent delusional disorders as he mentioned it to the Duty Sergeant at North Kent Police Station and I believe I had sent Kent Police proof of this as attached: MedCertDrMwanche29Nov2021b.pdf. Any reasonable person should have consulted my GP before arresting me as my wife had told PC Nichols on 15 September 2021 that I was a mental patient so do not know what I am doing and how it affects the recipients of my emails. But my DEFENCE DOCUMENT of 15 September 2021 makes it clear that I never ever sent out malicious emails to Katrina Sale so when I wrote to her as attached ToKatrinaSale(Conservatives)2Dec2021, that is soon after my arrest. PC Nichols indicated that I had done something wrong. Please clarify how I was wrong on this. Please note that my mental health disorder has been reviewed recently as unchanged: FrMichaelQuarm(CMHTBrittonHouse)8May2022received13May2022.docx

Ben in the Control Room said to me that DS 11285 Seamark was unavailable and that he would send him an email that I had telephoned so I expect to receive a call from him tomorrow.

Yours sincerely

Update:

Brahman is said to be indescribable and often mentioned as being chaotic, but Brahma-Nature is something of a description of Brahman and is defined as the belonging to the three gunas of rajasic, tamasic and sattvic interactions, so seemingly organised to hold Brahman steady. At least that is my present understanding. Whether it is chaotic and haphazard, or organised, it needs to be regulated in human societies on this planet Earth through actions that conserve it. This is why I published the email to Kent Police under Running Commentary now to force the United Kingdom State into a judgment on my Claims of a Hate Crime and with it the damages and compensation that I must continue to demand to get to the truth of whether I am Brahman organised that is accessed through truth and truth accommodation. So the satya-advaita yoga continues so long as I am alive. I have to be on top of the game, whether or not it is I succeed. I needed this document to be in the public domain immediately on this Sunday whether or not Brahman is preordained and preorchestrated organised chaos. I have to know my precise spirituality notwithstanding the review of satya-advaita that I published in the Theory of Everything this morning. There are things to find out still, not least of which is how the United Kingdom State will respond to the job applications overnight avoiding Sainsburys, Tesco, BP and ASDA which are all in the Claim Form.

<https://www.knowledgeassessmentanddissemination.com/post/running-commentary-on-j00me372-12-27-pm-uk-time-19-june-2022>

Persistent delusional disorder has brought me a very long way: there is more to be revealed. I may yet reverse my assessment of the entire Conception of Reality summarised this morning. I have to keep an open mind and not have any attachments. Take one moment at a time. Let me see who surfaces next. I cannot take any chances: I must survive in freedom, and must have money either from the State or from an employment. I cannot do anything like updating this book anywhere until the next moron surfaces to respond to what has been posted.

12.45 pm (UK-Time) 19 June 2022

Amulya nayak suddenly came out of the scene from the State of Orissa asking me on WhatsApp of how I was. I was annoyed, so cleared my conversation with him and sent him a photograph of an owl. Then asked him if Naveen Patnaik had received the link to my books. He did not answer and pretended that he was only being sociable with me saying that he did not have a job. I blocked him and in LinkedIn messaging deleted all my past conversations with him. I was also

deleting all the emails from the jobs that I had applied for overnight and the email to the State authorities to be free of any intrusions and that I had waited long enough even on this Sunday. It confirmed to me that Brahma-Nature composition of Brahman is true and that it is seemingly organised chaos.

So nonchalantly I opened Facebook and posted spontaneously and unpremeditatedly:

It means that Brahman is not indescribable or chaotic and therefore must have a Creator who we call Almighty God named by Hindus as Sri Krishna.

Comment: That is all resolved now: the United Kingdom and its allies have identified me and coordinated in a concerted move to isolate me from the rest of the world. The United Kingdom did not issue me with a Listing date to hear the amount of damages and compensation that I am due as the only issue that I have and will insist on if the subject ever crops up from any source.

In this book on Hindu-Spirituality condensed I have written in a condensed form that one needs to read with the rest of the 55 books in the series under the theme: the allurements of reality for an assessment on what makes one a Hindu from basic traditions of bhakti to the various deities in the material world of vyavaharika to the highest level of understanding of what Creation and Ultimate Reality is as defined above. Sri Krishna is not to be worshipped for me, and Brahman is certainly not to be worshipped for I am Brahman. Sri Krishna is the Almighty Creator of Brahman in a pre-ordained and preorchestrated universe that runs its course, and in that from age to age avatars are born to eradicate ignorance, and restore common sense dharma, which is to conserve Brahman. This is done by an advaitist who is an atheist in the limited meaning of the term that there is no Personal God to protect one through Divine assistance: It is all in the hands of the individual to aspire to Brahman where all the conservation is automatic for the individual. It requires yoga in the form of satya-advaita yoga to have realised this for oneself, But it took me 24 years to get to this point so one must not waste another life to learn what I have learnt and the books are there to study on their own or with other scriptures of ancient times for those spiritually minded. The key short-cut to realisation of Self and with it Brahman is to lose all one's attachments and aspire to become

fearlessly spontaneous nonchalant and unpremeditated in one's actions. It will take perseverance from bearing in mind that one must have the outlook of paramarthika dharma of ahimsa and not touching anything unnecessarily in the environment to disrupt the status quo with the acceptance of Reality that one uncovers from constantly seeking the truth, exposing the truth, not letting truth get covered up and accommodating the truth.

So the Brahman idea is also a hypothetical conception of a so-called Ultimate Reality: philosophy as opposed to Science. The only thing that is undeniable is the Self.

FACTS NOT FICTION

The facts are clearly laid out in my 55 books. I have explored all the conceptions within the Hindu fold. That is how this book condenses the materials that I have accumulated. I have survived till the age of 65 through intense battle with the State of the United Kingdom and its international allies all ganged up against me. I had visions, utterances and prophecies that had predictive value and those all came true. God in my experience does not give concrete proof for His/Her existence. This was clear to me when I was examining the statistical likelihood of his existence using the digital clock checking of times as the scientific tool. He has his own reasons for not giving concreted proof. I have sent out thousands of emails during the past 24 years of truth-search and have had allegations made against me in Forums that I visited subsequent to the dismissal from the University of Greenwich of the Natural Resources Institute. All this is in the public domain in the Court of Public Opinion that has protected my reputation as a Maryada Purushottama Bhagwan Ram. I had intense bhakti for God and know that it is highly likely that He/She wished me to go through this process of knowledge accumulation as my legacy. So on the balance of probability I was under Divine Protection and all my family circumstances enabled me to survive the persecution. There is enormous evidence for this. Kent Police, the Medway County Court, the Solicitors Regulation Authority and the rest of the State Institutions were paralysed by my dharmayudha that I undertook in a nonchalant, spontaneous and unpremeditated manner to show my faith and acquiescence to the Divine Power that He/She had a plan for me, a mission.

This morning the final decision is going to be announced when the State-institutions open their offices to the latest submission that I made over the weekend. It will bring an end to this 24 year old epic saga, the Mahabharatta and Ramayana of the 21 century in real life, not a mythological imagination. I live so it has taken place. Vishista-advaita Vedanta is true. Brahma-Nature is true, for how else could I have survived in an alien country with my Hinduism intact.

Science is materialistic whereas religion is spiritual and the two do not meet except in Vishista-advaita. So I have placed my photograph of Sri Krishna and Devi Durga back face up on the book shelf and will live in bhakti as events unfold. There was an ASDA job alert last night that I responded to by applying for the job, but there has been no response. The battle of dharmayudha is continuing. There is no compromise with the State of the United Kingdom, no common ground. My Hinduism comes first come what may. I cannot erase my history, it is on the record on the internet everywhere in websites and 55 books. I fight on: I fight to win. I am a Kshatriyriya on the battlefield of Kurukshetra as Arjun with Krishna as the charioteer.

Dear Your Honour

This morning I received an email from a Nikita Patel at 6.21 am as follows: 'Dear Sir Am been trying to know more about India people I really want to have good relationships here in India Please Sir if you receive this message kindly reply so we can discuss further'.

I ignored the email as I am happily married and settled in the United Kingdom with no intention of going to live in India and meeting Nikita Patel, Then the following below reply came from Jade Ebbs that I replied to:

When no phone call came back from Jade Ebbs, I dialled 07977293463 at 10.57 about the exit plan and discharge from treatment, but had to leave a Voicemail message: 'Hello. VISHISTA-ADVAITA VEDANTA

As Brahman now I do not try to prove anything; i am satisfied with what I had determined to be the truth on Reality.

If you live biologically to your body-brain-mind directives God exists within that psyche. He does not exist when one transcend to Brahman, the Ultimate Reality.

The optimal dharma in vyvaharika is 'karma in sanatana dharma'; in paramarthika dharma is satya-advaita. This is Vishista-advaita Vedanta.

This means that vyvaharika and paramarthika represent the material and spiritual dimensions of Reality.

No headway has been made on employment today: all is quiet. There is nothing from the Court of Kent Police. I have considered that Brahma-Nature is an intrinsic part of the material world, but it is not a consideration in Brahman which is without guna consciousness attributes as the absolute Reality. This is because there were billions of years since the Big Bang when there was no life on Earth to have to distinguish between vyvaharika and paramarthika dimensions of Reality. There was only the absolute reality, so no minds. This is the final assessment of my investigations. I have already said that satya-advaita dharma is nonchalant, spontaneous and unpremeditated with no aims, missions, ambitions, expectations, anticipations, wishes, hopes and desires, so that it is totally ego-free.

Revision:

As Brahman now I do not try to prove anything; i am satisfied with what I have determined to be the truth on the Ultimate Reality.

If you live biologically to the body-brain-mind directives God exists within that psyche. He does not exist when one transcends to Self; both comprising Brahman Reality.

This means that vyvaharika and paramarthika represent the material and spiritual dimensions of the Brahman Reality.

The optimal dharma in vyvaharika is 'karma in sanatana dharma'; in paramarthika it is natural dharma. Together this is Vishista-advaita Vedanta.

Once a person has realised Brahman as the Self and spiritual paramarthika natural dharma, there is no turning back to material vyvaharika sanatana dharma.

The English word for Brahman is Everything: the universe, the gods, the living creatures, rivers, trees, rocks , the cosmos,etc

Update:

Nothing came from the Medway County Court by the office time of 4.00 pm Jade Ebbs is supposed to return my call before 5.00 p: to enforce proceedings posted, tweeted, Facebooked and Posted the email to the District Judge:

Further revision:

As Brahman now I do not try to prove anything; i am satisfied with what I have determined to be the truth on the Ultimate Reality.

If you live biologically to the body-brain-mind directives God exists within that psyche. He does not exist when one transcends to Self; both comprising Brahman Reality.

This means that vyvaharika and paramarthika represent the material and spiritual dimensions described as the Brahman Reality.

Optimal dharma in vyvaharika is 'karma in sanatana dharma'; in paramarthika it is natural dharma. Together these comprise Vishista-advaita Vedanta.

Once a person has realised ones true nature as Self the natural spiritual paramarthika dharma takes over: there is no turning back to material vyvaharika sanatana dharma.

The English word for Brahman is Everything: the universe, the gods, the living creatures, rivers, trees, rocks , the cosmos, etc

So, I as Brahman am everything, universal and eternal: I do not distinguish between life or matter, gods and different humans.

In vyvaharika I had a two-faced god, Sri Krishna and Devi Durga but I abandoned it in paramarthika dimension when I realised my Self to become fully liberated. I found my true nature in spirituality gave me full awareness to chart my path forwards in Brahman towards a certain and comfortable future, so satya-advaita yoga had paid dividends in that I was free to conduct myself naturally without restrictions of any kind.

I will terminate this book here, as this the best condensation of Hindu thoughts that I have studied from personal experience

AHAM BRAHMASMI

By the fact that I am Self my true nature in paramarthika dimension of Absolute Reality and that Self, equates to Brahman that is Everything the actions in dharma that I practice is not to unnecessarily disturb any part of Brahms-Nature thereby preserving the status quo. So I do not kill, weed, dig soil, and do not use harsh words to anyone to be non-dual. That is advaita. By the same token I have no aims, objectives, missions, hopes, wishes, desires, expectations for such directions if followed through alter the state of the environment.

There is no such thing as Vishists-advaitist only Vishista-advaita Vedantist as a philosophy for there is no concrete proof of the scientific basis for it. How can neurological instrumentations examine the spiritual dimensions of the human mind, psychiatry examines the material dimensions of the human mind.

When you find by losing your bondages of suffering your true and unchangeable nature (Self) you realise Brahman (everything) and become liberated.

The following is only applicable to the vyvaharika material dimension of reality, the other component of Vishista-advaita Vedanta being the paramarthika dimension where different considerations apply;

In Vishista-advaita Sampradaya the Supreme God is Sri Krishna and Durga (Devi) as two sides of the same coin accessed by meditation but God is not accessible to the human mind as a Personal God to guide or grant benefits to a devotee.

The Vishista-advaita Sampradaya considers that events in the universe are all preordained and preorchestrated with freewill for all living beings to live.

The objective of Vishista-advaita Sampradaya is to immerse oneself in Creation through only spiritual actions of karma in Sanatan Dharma.

Yoga for inner transformation is essential in Vishista-advaita Sampradaya for which truth-accommodation oneness yoga is required.

In Vishista-advaita Sampradaya one constantly seeks one's destiny and devotionally accepts it as the Reality created by God.

Combining nonchalance and unpremeditatedness with seeking one's fate enables the conduct of sanatan Dharma in Vishista-advaita Sampradaya.

Seeking one's destiny in Vishista-advaita Sampradaya needs one to be nonchalant, spontaneous and unpremeditated in one's activities, so free and fearless.

The way to harmonise is to become a renunciate through unattachment to all considerations of material gains so living purely to spiritual gains.

Spiritual gains means those acts of empathy, kindness, toleration, patience and caring for others be it human, animal or plant life which are all soul-edifying.

Soul is the essence of what a person is in terms of his/her character and outlook which is wholly under the control of the mind.

Surrender your mind unto the Lotus Feet of God and find out the meaning of life, of how to attain ananda (bliss).

Ananda comes from peace within (obeying God) and peace outside of harmonising with all humanity and also all other living beings: Om Shanti.

In Vishista-advaita Sampradaya there are no rules restricting the consumption of foods and natural drugs, nor on consensual sexual conduct.

Vishista-advaita Sampradaya is based on a unique conception of guna consciousness interactions in Brahma-Nature that Brahman is composed of, so no vows.

The karma in Vishista-advaita Sampradaya is to seek justice as a dharmayudhi through truth-exposure: Satyameva Jayate/jatha dharma tatha jaya.

In Vishista advaita Sampradaya when only truth has prevailed in the material and spiritual spheres there is everlasting peace and ananda.

In Vishista-advaita Sampradaya, there are two levels of reality, material (vyavaharika) and spiritual (paramarthika), neither is an illusion.

The dharma in vyavaharika is to serve man-made laws, whereas in paramarthika the dharma serves the eternal law of God (hence named Sanatan Dharma).

Sanatan Dharma service requires total unattachment from vyavaharika and is the cornerstone of Vishista-advaita Sampradaya.

In Vishista-advaita Sampradaya truth exposure is the link between vyavaharika and paramarthika realities and the vital element for existence.

To harmonise is to bring peace; with peace comes ananda (bliss): that is the ultimate realisation in Vishista-advaita Sampradaya.

A Master escapologist in Vishista-advaita Sampradaya is still able to live in liberty within the samsara yet attained through spirituality alone.

Spiritual ascension through truth heightens knowledge and awareness so a Vishista-advaitist conquers evil for dignified survival.

Still your mind from all attachments to then experience the supramental descent upon Earth like an avatar for the perfection of thoughts and actions.

Those 'unattached' are moving towards the Supermind and are automatically on the truth path of experiencing the supramental descent upon Earth for peace and liberation.

Brahma-Nature guna consciousness interactions are supramental descent on the universe that generate conspiracy theories on Earth.

Through satya-advaita yoga (the yoga of truth-accommodation) a person can change from an humanimal to an avatar of God which is Brahman or the Self.
